FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the City Council
City of Newnan, Georgia

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Newnan, Georgia, as of and for the year ended December 31, 2005, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Newnan, Georgia's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Newnan, Georgia, as of December 31, 2005, and the respective changes in financial position, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have issued our report dated May 24, 2006, on our consideration of the City of Newnan, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in conjunction with this report in considering the results of our audit.

The management's discussion and analysis and budgetary comparison information on pages 6 through 14 and 50 through 52, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions of the financial statements that collectively comprise the City of Newnan, Georgia's, basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Within this section of the City of Newnan, Georgia's (the City) annual financial report, the City's management is pleased to provide this narrative discussion and analysis of the financial activities of the City for the calendar year ended December 31, 2005. The City's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section. Readers should also review the basic financial statements and notes to enhance their understanding of the Government's financial performance.

2005 Financial Highlights

- The City's assets exceeded its liabilities by \$69,506,202 (net assets) for the calendar year reported.
- Total net assets are comprised of the following:
 - (1) Capital assets, net of related debt, in the amount of \$48,202,095, include property and equipment, net of accumulated depreciation, and reduced for outstanding debt related to the purchase or construction of capital assets.
 - (2) Net assets of \$10,247,870 are restricted by constraints imposed from outside the City such as debt covenants, grantors, laws, or regulations.
 - (3) Unrestricted net assets of \$11,056,237 represent the portion available to maintain the City's continuing obligations to citizens and creditors.
- The City's governmental funds reported total ending fund balance of \$21,314,789 this year. This compares to the prior year ending fund balance of \$17,191,676, showing a significant increase of \$4,123,113, or 24%, during the current year. The Unreserved fund balance of \$17,876,299 for calendar year 2005 shows a \$1,663,528 increase from the prior year. This equates to a 10.3% increase in Unreserved fund balance.
- At the end of the current calendar year, unreserved fund balance for the General Fund was \$10,983,435, or 79.9% of total General Fund expenditures of \$13,741,060. In comparison, the General Fund Unreserved fund balance for 2004 was 74% of General Fund expenditures.
- Overall, the City continues to maintain a strong financial position. The ratio of current assets to current liabilities is 35.8 to 1, up from 27.0 to 1 in 2004.

The above financial highlights are explained in more detail in the "financial analysis" section of this document.

Overview of the Financial Statements

This Management Discussion and Analysis document introduces the City's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the basic financial statements. The City also includes in this report additional information to supplement the basic financial statements. Comparative data is presented when available.

Government-wide Financial Statements

The City's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the City's overall financial status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of activities between funds.

The first of these government-wide statements is the *Statement of Net Assets*. This is the government-wide statement of position presenting information that includes all of the City's assets and liabilities, with the difference reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City as a whole is improving or deteriorating. Evaluation of the overall health of the City would extend to other nonfinancial factors

such as diversification of the taxpayer base or the condition of City infrastructure, in addition to the financial information provided in this report.

The second government-wide statement is the *Statement of Activities*, which reports how the City's net assets changed during the current calendar year. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the City's distinct activities or functions on revenues provided by the City's taxpayers.

Both government-wide financial statements distinguish governmental activities of the City that are principally supported by sales taxes and from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government, public safety, community development and public works. Business-type activities included the sanitation services; however, these services were contracted out at the end of calendar 2003.

The government-wide financial statements are presented on pages 15 & 16 of this report.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The City uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the City's most significant funds rather than the City as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

The City has two kinds of funds:

Governmental funds are reported in the fund financial statements and encompass the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the City's governmental funds. These statements report short-term calendar accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund operating statement provide a reconciliation to assist in understanding the differences between these two perspectives.

The basic governmental fund financial statements are presented on pages 17 & 19 of this report.

Individual fund information for non-major governmental funds is found in combining statements in a later section of this report.

Notes to the Basic Financial Statements

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin on page 25 of this report.

Other Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information concerning the City's budget presentations. Budgetary comparison statements are included as "required supplementary information" for the general fund and the street improvement special revenue fund. Budgetary comparison schedules for all other governmental funds can be found in a later section of this report. These schedules demonstrate compliance with the City's adopted and final revised budget. As discussed, the City reports major funds in the basic financial

statements. Combining and individual statements and schedules for non-major funds are presented in a subsequent section of this report beginning on page 53.

Financial Analysis of the City as a Whole

The City implemented the new financial reporting model used in this report beginning with the calendar year ending December 31, 2003. Over time, as year-to-year financial information is accumulated on a consistent basis, changes in net assets may be observed and used to discuss the changing financial position of the City as a whole.

The City's net assets at calendar year-end are \$69,506,202. The following table provides a summary of the City's net assets:

	FY 2004		FY 2005	
	Governmental Activities	Percentage of Total	Governmental Activities	Percentage of Total
Assets:				
Current assets	\$ 17,728,331	32%	\$ 22,084,818	31%
Capital assets	36,870,914	68%	48,202,095	69%
Total assets	54,599,245	100%	70,286,913	100%
Liabilities:				
Current liabilities	655,602	80%	616,809	79%
Long-term liabilities	165,770	20%	163,902	21%
Total liabilities	821,372	100%	780,711	100%
Net assets:				
Invested in capital assets, net of debt	36,870,914	69%	48,202,095	69%
Restricted	7,370,329	14%	10,247,870	15%
Unrestricted	9,536,630	18%	11,056,237	16%
Total net assets	\$ 53,777,873	100%	\$ 69,506,202	100%

The City continues to maintain a high current ratio. The current ratio compares current assets to current liabilities and is an indication of the ability to pay current obligations. The current ratio for governmental activities is 35.8 to 1, which is very strong. The ratio for 2004 was 27.0 to 1, so the City's financial position has improved significantly from 2004.

The City reported positive balances in the net assets; the same held true for the prior fiscal year. Total net assets increased by \$15,433,821 for governmental activities, after a prior period adjustment of \$294,508. This is also a good indication of the City's overall financial position.

Note that approximately 69% of the governmental activities' net assets are invested in capital. This has remained relatively constant over the past two years. The City uses these capital assets primarily to provide services to its citizens.

The following table provides a summary of the City's changes in net assets:

Summary of Changes in Net Assets

	Fiscal Year 2004			Fiscal Year 2005		
	Governmental Activities	Total	Percentage of Total	Governmental Activities	Total	Percentage of Total
Revenues:						
Program:						
Charges for services	\$ 1,649,701	\$ 1,649,701	6%	\$ 3,442,589	\$ 3,442,589	11%
Operating grants	1,181,639	1,181,639	5%	1,204,398	1,204,398	4%

Prior Period Adjustment	-	-		294,508	294,508	
Transfers	<u>(375,436)</u>	<u>(375,436)</u>		-	-	
Change in net assets	13,051,612	13,051,612		15,728,329	15,728,329	
Beginning net assets	<u>40,726,261</u>	<u>40,726,261</u>		<u>53,777,873</u>	<u>53,777,873</u>	
Ending net assets	<u>\$ 53,777,873</u>	<u>\$ 53,777,873</u>		<u>\$ 69,506,202</u>	<u>\$ 69,506,202</u>	

Program revenues represent 51% of total receipts in 2005, which is a 3% increase over 2004. The most significant change from 2004 to 2005 related to Charges for Services. Revenues increased by 5%, or \$1,792,888, most of which was directly attributed to Impact Fees (\$1,414,933) collected during 2005. Impact Fee collections were implemented by the City of Newnan at the end of October 2004 in an effort to pass along more of the infrastructure costs to developers and owners, rather than to the citizens of Newnan through taxes.

General Revenues make up 49% of total receipts, most of which is taxes. Notice that property taxes collected as a percentage of overall revenues decreased by 3% during 2005.

Relative to the increase in Charges for Services is the largest change in expenses: Public Works increased from 15% in 2004 to 22% in 2005, which represented a \$1,410,647 increase. The commercial and residential growth in the City has resulted in more streets and property to maintain. Most other revenue and expense categories were comparable to 2004.

GOVERNMENTAL REVENUES

The City is heavily reliant on sales taxes to support governmental operations and capital. Sales taxes provided 21.8% of the City's total governmental revenues in 2005; by comparison, in 2004 sales taxes provided 24.5%. Property taxes are the second largest revenue source with approximately \$3.4 million of revenues, or 11.2% of the total. Because of the City's healthy financial position, we have been able to earn \$540,821 in interest earnings in 2005 to support governmental activities. In 2004 by comparison, the City earned only \$189,916; 2005 earnings reflect a 184.8% increase, or \$350,905.

Also, note that program revenues (excluding capital revenues) covered 30.6% of governmental operating expenses, up from 22.2% in 2004. This means that the government's taxpayers and the City's other general governmental revenues funded about 69.4% of the governmental activities in 2005, as compared to 77.8% in 2004. The collection of Impact Fees contributed to this decrease and, as a result, one can see how the general economy and the City businesses have a major impact on the City's revenue streams.

GOVERNMENTAL FUNCTIONAL EXPENSES

Overall, the total cost of services for Governmental Activities increased by about 19% during 2005, up from \$12,743,118 in 2004. However, the City shows a total benefit of \$324,945 for these services, as compared to 2004 where the same services cost the City approximately \$95,000. The dependence upon property tax and sales tax receipts is apparent as over 66% of governmental activities are supported through these general receipts. This percentage reflects a reduction of 7% as compared to 2004.

The Public Safety function makes up almost half of the total governmental activities expenses. Expenditures for Public Safety decreased by 5% during 2005, as related to total expenses. Public Works makes up about 22% and Community Development and General Government each average about 11% of the total. The Library and Business Development (Other Services) expenses make up the remainder. Public Works showed the greatest increase over 2004, with a 6.86% increase. The other functions remained relatively constant.

This table presents the cost of each of the City's programs, including the net costs (i.e., total cost less revenues generated by the activities). The net costs illustrate the financial burden that was placed on the City's taxpayers by each of these functions.

Governmental Activities

	<u>Total Cost of Services</u>	<u>% of Total</u>	<u>Net (Cost)/ Benefit of Services</u>
General Government	\$ 1,692,563	11.16%	\$ 1,301,931
Tourist Development	20,511	0.14%	(20,511)
Public Safety	7,522,020	49.61%	(7,357,657)
Public Works	3,364,415	22.19%	8,964,230
Community Development	1,761,614	11.62%	(1,761,614)
Other Services	801,434	5.29%	(801,434)
Total	<u>\$ 15,162,557</u>	<u>100.00%</u>	<u>\$ 324,945</u>

The General Government function's revenues covered about 77% of the total cost of services. The Public Safety function's program revenues cover only 2.02% of total costs, down from 7.03% in 2004. The program revenues for the Public Works function substantially exceeded costs because of over \$10 million of contributed infrastructure from developers, including approximately 77 acres of land and 65,000 linear feet of streets. Contributed infrastructure increased by 7.9% during 2005, from \$9,817,232 to \$10,593,884.

BUSINESS-TYPE ACTIVITIES
Revenues vs. Costs

The City has no enterprise funds to report for 2005 because Sanitation activities were privatized at the end of calendar year 2003. The remaining assets were transferred to governmental activities at the end of 2003.

Financial Analysis of the City's Funds

Governmental Funds

As discussed, we report governmental funds in the fund statements with a short-term, inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$21,314,789, an increase of 24.0% over 2004. Of this year-end total, \$17,876,299 is unreserved indicating availability for continuing City service requirements. Therefore, unreserved fund balances increased by 10.3%. Legally restricted fund balances (i.e., the reserved fund balances) included \$919,781 committed to outstanding encumbrances, \$2,364,459 committed to program purposes and \$144,614 in prepaid insurance, which is a 251% increase over 2004. The majority of the increase in legally restricted funds is due to Impact Fees (Fund 375) in the amount of \$2,263,200 committed to program purposes.

Major Governmental Funds

The General Fund is the City's primary operating fund and the largest source of day-to-day service delivery. The General Fund's fund balance increased from \$9,821,347 to \$11,238,943, which is a 14.4% increase over 2004. As indicated, 98% (\$10,983,435) of this balance is unreserved and available for continuing City services at a desirable level, which is consistent with 2004.

Tax Revenues

Property tax revenue collections increased 15.7% over that of calendar 2004, due to an increase in the tax digest. The 2004 digest was \$646,065,841, increasing to \$762,391,751 for 2005, which is an 18.0% increase. The 2005 millage rate actually decreased slightly, from 4.5 mills per thousand to 4.4 mills per thousand.

General fund sales tax revenue actually decreased slightly when compared to calendar 2004, from \$4,063,820 to \$4,037,621. The distribution of the local option sales tax revenue was renegotiated with Coweta County in 2002, resulting in a percentage decrease in the City's distribution from 27.9% to 21.89%. However, the County agreed to keep the City at the same dollar level as 2002 as long as the 27.9% would have produced the same or greater proceeds. A quarterly settlement was made by the County to maintain revenues for the City during the year.

Occupational Taxes increased by 11.7% when compared to 2004. This increase is primarily related to the continued commercial and residential growth in the City. The 2000 census population for the City of Newnan was 16,242; the estimated 2005 population for the City is 24,050. This represents an approximate 48% increase over the last five years!

License and Permits Revenues

Building permits made up 84.9% of the total revenues for this category in 2005. Building permit revenues increased by 25.4% over 2004; going from \$1,060,854 to \$1,330,674. This increase is also directly attributed to the continuing growth in the City. Building permit valuations, residential and commercial combined, increased by approximately 47% during 2005, from approximately \$135 million in 2004 to about \$200 million in 2005.

Fines & Forfeitures Revenues

Police Fines increased by 3.4% over 2004; going from \$424,097 to \$438,628. This increase is likewise attributed to the continuing growth in the City.

Most other tax revenue streams were consistent with that of calendar 2004.

The General Fund's ending fund balance increased by 14.4% over the prior year. This balance is considered very adequate, representing the equivalent of 81.8% of annual expenditures. In comparison, the ending fund balance for 2004 represented 75.6% of annual expenditures. The primary use of fund balance is to cover cash flow deficiencies during the year.

The Street Improvement Fund's intergovernmental revenue was up from calendar 2004 by approximately \$70,000. This fund spent about \$373,000 on the Greenville Streetscapes project during 2005. Funding in the amount of \$700,000 was provided at Council's direction through a transfer from the General Fund. Additionally, a grant in the amount of approximately \$623,000 was awarded for this project by the GaDOT and will be forthcoming in 2006. Grant revenues received in prior years with remaining balances are carried over each year for budgeting purposes. Therefore, expenditures may exceed revenues for any given year.

SPLOST97 and SPLOST02 revenue receipts are handled similar to the Street Improvement Fund. Remaining balances are carried over each year for budgeting purposes.

Budgetary Highlights

The General Fund – The 2005 revenue budget of \$13,616,250 was amended during calendar 2005 to include fund transfers for the new financial management system (\$35,000) and street maintenance and repairs (\$50,000) from Unappropriated Surplus. The 2005 final revenue budget was \$13,701,250. In total, the City realized 110% (\$15,096,029) of the projected 2005 revenues. Total tax revenues were up \$473,132 over the estimated revenues. This overage was caused by the above referenced increased tax digest. License and Permits revenue collections totaled \$1,566,857 as compared to an estimated \$1,115,800. As discussed above, permit valuations increased by 47% overall during 2005. Additionally, interest earnings exceeded budget by almost \$191,000.

The Government kept spending in line with budgeted amounts, therefore the fund balance increased by \$1,417,596 for 2005. Consistent with the revenue side of the budget, the expenditure side of the original budget for the General Fund was amended to include additional funding for the computer system and the Street Fund. For the total general fund budget, expenditures were 6.8% less than the 2005 appropriation. Budgeted expenditures were \$13,701,250 and actual expenditures were \$12,765,767. The actual expenditures do not include fund transfers between funds. Although the City faced some difficulty with volatile fuel prices during 2005, expenditures were controlled and budgeted levels maintained. Expenditure control is at the department level.

Capital Assets and Debt Administration

Capital Assets

The City's investment in capital assets, net of accumulated depreciation, for governmental activities as of December 31, 2005, was \$48,202,095. The total increase in this net investment was 30.7% for governmental activities. See Note 2-E for additional information about changes in capital assets during the calendar year and outstanding at the end of the year. The following table provides a summary of capital asset activity.

	Capital Assets			
	Governmental Activities		Total	
	2005	2004	2005	2004
Non-depreciable assets:				
Land	\$ 6,318,120	\$ 4,729,104	\$ 6,318,120	\$ 4,729,104
Construction in progress	3,622,695	3,228,979	3,622,695	3,228,979
Total non-depreciable	9,940,815	7,958,083	9,940,815	7,958,083
Depreciable assets:				
Buildings	11,182,796	11,182,796	11,182,796	11,182,796
Other improvements	14,165,510	4,127,846	14,165,510	4,127,846
Machinery and equipment	6,867,160	6,383,429	6,867,160	6,383,429
Infrastructure	15,466,182	15,466,182	15,466,182	15,466,182
Total depreciable assets	47,681,648	37,160,253	47,681,648	37,160,253
Less accumulated depreciation	9,420,368	8,247,422	9,420,368	8,247,422
Book value - depreciable assets	38,261,280	28,912,831	38,261,280	28,912,831
Percentage depreciated	20%	22%	20%	22%

At December 31, 2005, the depreciable capital assets for governmental activities were 20% depreciated. This compares to 22% at December 31, 2004. This comparison indicates that the City is replacing its assets at the same rate as they are depreciating, which is a positive indicator. Please note the fact that infrastructure received as contributions from developers accounted for the primary increase in the value of depreciable assets. Included in the construction in progress amount is the Greenville Streetscapes project, Bypass Construction, Convention Center, Lower Fayetteville Road Construction, and Round-About Construction.

Long-term Debt

At the end of the calendar year, the City's only long-term debt relates to pay for earned vacation time. The amount totals \$352,860 or similar to that at the end of 2004 (\$347,319). Please refer to pages 39 to 43 for information concerning component unit debt.

Economic Conditions Affecting the City

The challenge for all governments is to provide quality services at a reasonable cost to its citizens. The City of Newnan remains in a strong financial position, in spite of a somewhat depressed economy. Fuel costs are still volatile but interest earnings have significantly improved. Newnan continues to experience tremendous growth in both commercial and residential areas. The City is proactively managing this growth; more of the infrastructure costs are being passed on to the developers to minimize the impact on the citizens of Newnan. Additionally, the departments are charged with controlling expenditures based on budgeted amounts.

As this audit will show, the City's overall financial position improved significantly during 2005. The City strives to maintain current service levels while keeping costs as low as possible. We continue to operate debt-free. Our goal is to maintain a healthy fund balance and protect the interests of the citizens in the City of Newnan.

Contacting the City's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the City's finances, comply with finance-related laws and regulations, and demonstrate the City's commitment to public accountability. If you have questions about this report or would like to request additional information, please contact the City's Finance Director, Katrina Cline, at 25 LaGrange Street, Newnan, GA 30263, or by e-mail at kcline@cityofnewnan.org.

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

The City of Newnan, Georgia (the "City") was chartered by an act of the General Assembly of the State of Georgia. The City operates under a Council/Manager form of government and provides the following services as authorized by its charter: public safety (police and fire), public works (highways and streets), planning and zoning, general administrative services, public improvements and community development. Sanitation services have been outsourced.

Note 1 - Summary of Significant Accounting Policies

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting. The City also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental activities at the government-wide financial reporting, provided they do not conflict with or contradict GASB pronouncements.

The most significant of the City's accounting policies are described below.

1-A. Reporting Entity

The reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the City consists of all funds, departments, boards and agencies that are not legally separate from the City.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organizations; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units also may include organizations that are fiscally dependent on the City in that the City approves the budget, levies their taxes or issues their debt.

The component-unit columns included on the government-wide financial statements identify the financial data of the City's discretely presented component units. They are reported separately to emphasize that they are legally separate from the City.

Brief descriptions of the discretely presented component units follow:

Newnan Water, Sewerage and Light Commission (The NWSL Commission) – The NWSL Commission's governing board is appointed by the City Council and the City Council approves bond issue authorizations. By letter of agreement dated September 14, 1993 between the NWSL Commission and the City, the method of calculating cash contributions from the NWSL Commission was established. The NWSL Commission makes monthly transfers equal to 5% of the prior month's billing for electrical energy, excluding sales tax, fuel cost adjustments, special rates and street lights. Additionally, the NWSL Commission remits monthly an additional 3% of the prior month's billing for water and sewer revenues. The NWSL Commission also remits 5% of certain cable revenue to the City in lieu of paying a franchise fee. Separately issued financial statements may be obtained by writing the Newnan Water, Sewerage and Light Commission, P.O. Box 578, Newnan, GA 30264.

Downtown Development Authority of the City of Newnan (The Authority) – The Authority's governing board is appointed primarily by the City Council and there is substantial financial dependency by the Authority upon the City. This fund is reported as a governmental fund type. The Authority does not issue separate financial statements.

The City has established the following authorities as potential component units of the City:

Newnan Development Authority – This authority was established in 1997 to develop and promote trade, commerce, industry and employment opportunities in the City. The City appoints a voting majority of this authority's governing body; however, no financial dependency exists between this authority and the City. Therefore, this authority is not considered a component unit for the year ended December 31, 2005.

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

1-A. Reporting Entity – continued

Newnan Convention and Visitors Bureau Authority – This authority was established in 1999 to promote tourism and develop a convention center and visitor’s bureau for the City. The City appoints a voting majority of this authority’s governing body, and can impose its will on the authority by a financial dependency. This authority is not considered a component unit for fiscal year ended December 31, 2005, since there was no financial activity in calendar year 2005.

Newnan Hospital Authority - This authority was established in 2002 to promote public health needs of the community. Although a voting majority of this authority’s governing body is appointed by the City, there is no material financial dependency. This authority is not considered a component unit of the City for fiscal year ended December 31, 2005.

1-B. Basis of Presentation

The City’s basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements - The government-wide financial statements include the statement of net assets and the statement of activities. These statements report financial information for the City as a whole. The primary government and the component units are presented separately within these financial statements with the focus on the primary government. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and grants and City’s general revenues, from business-type activities, generally financed in whole or in part with sanitation fees charged to external customers.

The statement of net assets presents the financial position of the governmental and business-type activities of the City and its discretely presented component units at year-end.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the City’s governmental activities and for each identifiable activity of the business-type activities of the City. Direct expenses are those that are specifically associated with a function and therefore clearly identifiable to that particular function. The City eliminates the allocation of indirect expenses to functions in the statement of activities (Note 1-E-11).

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees and other charges to users of the City’s services; (2) operating grants and contributions which finance annual operating activities including restricted investment earnings; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions to these program uses. For identifying to which function program revenue pertains, the determining factor for *charges for services* is which function *generates* the revenue. For *grants and contributions*, the determining factor is to which function the revenues are *restricted*.

Other revenue sources not properly included with program revenues are reported as general revenues of the City. The comparison of direct expenses with program revenues identifies the extent to which each governmental function and each identifiable business activity is self-financing or draws from the general revenues of the City.

Fund Financial Statements - During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. Fund financial statements are provided for government and proprietary funds.

Major individual governmental funds and the major enterprise funds are reported in separate columns.

Fund Accounting - The City uses funds to maintain its financial records during the year. A fund is a fiscal and accounting entity with a self-balancing set of accounts. The City uses one category of funds: governmental.

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

1-B. Basis of Presentation – continued

Governmental Funds - Government funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Fund liabilities are assigned to the fund from which they will be liquidated. The City reports the difference between governmental fund assets and liabilities as fund balance. The following are the City's major governmental funds:

The General Fund – The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund's fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of the State of Georgia.

The Street Improvement Fund – The street improvement fund allocates general fund transfers and state grants and contracts for the purpose of maintaining City streets and roads. This fund relies solely on interfund transfers from the general fund and monies from state grants and contracts.

The 1997 Special Purpose Local Option Sales Tax Fund – In 1997, the citizens of Newnan re-approved a 1% Special Purpose Local Options Sales Tax (SPLOST) for the purpose of funding capital improvement projects. Approved projects included a new city hall, expansion and remodeling of the Police Station, transportation improvements and park development. The City received 70% of the proceeds and Newnan Utilities received 30%.

The 2002 Special Purpose Local Option Sales Tax Fund - In 2001, the citizens of Newnan re-approved a 1% SPLOST for the purpose of funding capital improvement projects. Approved projects include park acquisitions and development, convention center, downtown parking facilities, fire equipment, computer system, and transportation improvements.

1-C. Measurement Focus

Government-wide Financial Statements - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included on the statement of net assets. The statement of activities reports revenues and expenses.

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the governmental fund statements.

1-D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. At the fund reporting level, the governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

1-D. Basis of Accounting - continued

Revenues – Exchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded when the exchange takes place and in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the City, the phrase “available for exchange transactions” means expected to be received within 60 days of year-end.

The NWSL Commission’s accrued revenue represents the estimated unbilled service for the period between the last billing date of each cycle and December 31.

Revenues - Non-exchange Transactions - Non-exchange transactions in which the City receives value without directly giving equal value in return, include sales taxes, property taxes, grants and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the taxable sale takes place. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied. (Note 3-C) Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions also must be available (i.e., collected within 60 days) before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be susceptible to accrual: property taxes, sales taxes, interest and federal and state grants.

Deferred/Unearned Revenue - Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

On governmental fund financial statements (i.e., on the modified accrual basis), receivables that will not be collected within the available period have been reported as deferred revenue (i.e., they are measurable but not available) rather than as revenue.

Grants and entitlements received before the eligibility requirements are met (e.g., cash advances) also are recorded as deferred revenue.

On the government-wide statement of net assets, deferred revenue is reclassified as “unearned” revenue.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. On the modified accrual basis, expenditures generally are recognized in the accounting period in which the related fund liability is incurred and due, if measurable.

1-E. Assets, Liabilities and Fund Equity

1-E-1 Cash, Cash Equivalents, and Investments

Cash and cash equivalents include amounts in demand deposits as well as short-term investments (i.e., money market accounts and certificates of deposit) with a maturity date within three months of the date acquired by the City.

The City maintains one operating account with an exception for certain grants accounted for in the law enforcement fund, require separately maintained bank accounts.

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

1-E-1 Cash, Cash Equivalents, and Investments – continued

Investments are stated at fair value based on quoted market prices.

Georgia law authorizes the City to invest in the following type of obligations:

- Obligations of the State of Georgia or of any other states
- Obligations of the United States Government
- Obligations fully insured or guaranteed by the United States Government or Government agency
- Obligations of any corporation of the United States Government
- Prime bankers' acceptances
- The State of Georgia local government investment pool (i.e., Georgia Fund I)
- Repurchase agreements
- Obligations of the other political subdivisions of the State of Georgia

1-E-2 Receivables

All trade and property tax receivables are reported net of an allowance for uncollectibles, where applicable.

1-E-3 Interfund Balances

On the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/interfund payables." These amounts are eliminated in the governmental and business-type activities columns of the statement of net assets, except for any net residual amounts due between governmental and business-type activities, which are reclassified and presented as internal balances.

1-E-4 Consumable Inventories

On the government-wide financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used (i.e., the consumption method).

On the fund financial statements, inventories of governmental funds are stated at cost while inventories of proprietary funds are stated at the lower of cost or market. For all funds, cost is determined on a first-in, first-out basis. The cost of inventory items is recorded as an expenditure in the governmental fund types when consumed. Inventories of the NWSL Commission (a component unit) reports inventory at average cost determined on a first-in, first-out basis.

1-E-5 Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2005 are recorded as prepaid items using the consumption method by recording an asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed. At the fund reporting level, an equal amount of fund balance is reserved as this amount is not available for general appropriation.

1-E-6 Restricted Assets

When expenses are incurred for purposes for which both restricted and unrestricted net assets are available, restricted resources are used first to fund appropriations.

Restricted assets of the NWSL Commission represent amounts which are required to be maintained pursuant to ordinances relating to bond indebtedness and funds received for specific purposes pursuant to other ordinances and intergovernmental agreements. The separately issued financial statements for the NWSL Commission provide specific details for each type of restricted assets.

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

1-E-7 Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in governmental funds. The City reports these assets in the governmental activities column of the government-wide statement of net assets but does not report these assets in the government fund financial statements. Capital assets utilized by the enterprise fund are reported both in the business-type activities column of the government-wide statement of net assets and in the enterprise funds' statement of net assets.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of five thousand dollars. The City's infrastructure consists of streets. Improvements to capital assets are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are expensed.

The City has elected to report infrastructure assets under the transition provisions for retroactive reporting. Only current year additions of infrastructure assets are reported, the existing infrastructure assets will be reported in a future year.

All reported capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities Estimated Lives
Buildings and parks (excluding land)	15 – 125 years
Other improvements	25 years
Machinery and equipment	5 – 25 years
Infrastructure	50 years

The estimated useful lives for the NWSL Commission follow:

<u>Classification</u>	<u>Range of Lives</u>
Sewage disposal plants	50 years
Laboratory building	50 years
Water plant and improvements	50-66 years
Reservoirs and dams	50-67 years
Pumping stations and lines	33-50 years
Elevated water tanks	50 years
Carl Miller Park improvements	40 years
Office building	40 years
Office building addition	30 years
Electric substations	13-20 years
Warehouse, garages and central shop	20-40 years
Warehouse addition	15 years
Generators	12-20 years
Tenant houses	10-33 years
Tenant house improvements	5-15 years
Paving, fencing and other land improvements	10-20 years
System extensions and improvements	5-50 years
Office furniture, fixtures and equipment	5-10 years
Computers and electronics	5-15 years
Machinery and equipment	5-20 years
Trucks and autos	5-10 years

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

1-E-7 Capital Assets – continued

At the inception of capital leases at the governmental fund reporting level, expenditures and an “other financing source” of an equal amount are reported at the net present value of future minimum lease payments.

Interest is capitalized on constructed fixed assets during the period of construction, if material. In 2005, \$108,266 was capitalized as a part of the construction and improvement of the sewer system in Newnan. Additionally, \$315,481 was capitalized as a part of the construction of the Mineral Springs Waste Water Treatment Plant, Land Application System, and various water line improvements.

1-E-8 Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees’ rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability using the termination payment method. An accrual for earned sick leave is made to the extent that it is probable that the benefits will result in termination payments. The liability is based on the City’s past experience of making termination payments.

All compensated absence liabilities include salary-related payments, where applicable.

The total compensated absence liability is reported on the government-wide financial statements. Governmental funds report the compensated absence liability at the fund reporting level only “when due.”

1-E-9 Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of these funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are “due for payment” during the current year.

1-E-10 Bond Premiums, Discounts and Issuance Costs

On the government-wide statement of net assets and the proprietary fund type statement of net assets, bond premiums and discounts are netted against bonds payable and bond issuance costs are reported as deferred charges. On the government-wide and proprietary fund type statement of activities, bond premiums and discounts and bond issuance costs are deferred and amortized over the life of the bonds using the effective interest method.

At the governmental fund reporting level, bond premiums and discounts are reported as other financing sources and uses, separately from the face amount of the bonds issued. Bond issuance costs are reported as expenditures.

1-E-11 Allocation of Administrative Costs

At the governmental fund level, the City allocates administrative costs to the various departments and funds for which services are provided as allowable by the benefiting fund. The allocations are based upon the City’s estimate of each fund’s share of services. At the government-wide financial reporting level, the allocations are eliminated from program expenses.

1-E-12 Fund Equity

Fund equity at the governmental fund financial reporting level is classified as “fund balance.” Fund equity for all other reporting is classified as “net assets.”

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

1-E-12 Fund Equity – continued

Fund Balance – Generally, fund balance represents the difference between the current assets and current liabilities. The City reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available, spendable resources and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund balance that is available for appropriation in future periods. Designations are management's intent to set aside these resources for specific services.

Net Assets - Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consist of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. This net asset amount also is adjusted by any bond issuance deferral amounts. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. All other net assets are reported as unrestricted.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

1-E-13 Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise funds. For the City, these revenues are charges for services for sanitation services. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of each fund.

1-E-14 Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets, tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources restricted to capital acquisition and construction.

1-E-15 Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and the after non-operating revenues/expenses section in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements (i.e., they are netted).

Transfers between governmental and business-type activities on the government-wide statement of activities are reported as general revenues. Transfers between funds reported in the governmental activities column are eliminated. Transfers between funds reported in the business type activities column are eliminated.

1-E-16 Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States, requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

1-E-17 Comparative Data

Comparative total data for the prior year have been presented only for individual funds in the fund financial statements in order to provide an understanding of the changes in the financial position and operations of these funds. Also, certain amounts presented in the prior year data have been reclassified to be consistent with the current year's presentation.

Note 2 - Detailed Notes on All Funds

2-A. Custodial Credit Risk - Deposits and Investments

City's Deposits –

As of December 31, 2005, the City had the following deposits:

<u>Depository Account</u>	<u>Bank Balance</u>
Collateralized:	
Collateral held by pledging banks participating in the Georgia Pledging Pool in the City's name	\$10,917,442
Total Deposits	<u>\$10,917,442</u>

Custodial credit risk – Custodial credit risk is the risk that in the event of bank failure, the government's deposits may not be returned to it. The Commission does not have a deposit policy for custodial credit risk.

Component Units' Deposits –

As of December 31, 2005, the NWSL Commission had the following deposits:

<u>Depository Account</u>	<u>Bank Balance</u>
Collateralized:	
Collateral held by pledging banks' trust department In the Commission's name	\$14,671,856
Total Deposits	<u>\$14,671,856</u>

Custodial credit risk – Custodial credit risk is the risk that in the event of bank failure, the government's deposits may not be returned to it. The Commission does not have a deposit policy for custodial credit risk.

City's Investments –

As of December 31, 2005, the City had the following investments.

<u>Investment</u>	<u>Maturities</u>	<u>Fair Value</u>
Georgia Fund 1	Various	\$9,470,888
		<u>\$9,470,888</u>

Interest Rate Risk – The City does not have a formal investment policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

Credit Risk – State statutes authorize the City to invest in obligations of the State of Georgia; obligations issued by the U.S. Government; obligations fully insured or guaranteed by the U.S. Government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime bankers' acceptances; the Georgia Fund 1 established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. This fund, which is administered by the Georgia Office of Treasury and Fiscal Services is rated AAAM by Standard and Poor's. The City has no investment policy that would further limit its investment choices.

Concentration of Credit Risk – The City places no limit on the amount the City may invest in any one issuer. More than 5% of the commission's investments are in Georgia Fund 1. These investments are 100% of the City's total investments.

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

2-A. Deposits and Investments (continued)

Component Units' Investments

As of December 31, 2005, the NWSL Commission had the following investments.

<u>Investment</u>	<u>Maturities</u>	<u>Fair Value</u>
MEAG Municipal Competitive Trust		
Mutual Funds Intermediate Portfolio	Various	\$ 720,510
Mutual Funds Short Term Portfolio	Various	619,503
Rabbi Trust		
Mutual Funds	Various	222,035
Annuity Funds	12/1/2028	234,728
Annuity Funds	9/1/2039	277,426
Cash	N/A	<u>6,575</u>
		<u>\$2,080,777</u>

Interest Rate Risk – The Commission does not have a formal investment policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

Credit Risk – State statutes authorize the City to invest in obligations of the State of Georgia; obligations issued by the U.S. Government; obligations fully insured or guaranteed by the U.S. Government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime bankers' acceptances; the Georgia Fund I established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. The City has no investment policy that would further limit its investment choices.

Concentration of Credit Risk – The Commission places no limit on the amount the Commission may invest in any one issuer. More than 5% of the commission's investments are in Mutual funds and Annuities. These investments are 75% and 24%, respectively of the Commission's total investments.

2-B. Receivables

Receivables at December 31, 2005, consisted of taxes, interest, accounts (billings for user charges, including unbilled utility receivables), and intergovernmental receivables arising from grants. Receivables and payables are recorded on the City's financial statements to the extent that the amounts are determined to be material and substantiated not only by supporting documentation, but also by a reasonable, systematic method of determining their existence, completeness, valuation, and in the case of receivables, collectibility.

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

2-C. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. The City Council levied property taxes on September 13th which are due and payable by November 30th each year. Property taxes not paid by December 1st are considered delinquent.

A schedule of property taxes receivable and the allowance for uncollectibles follows:

Year	12/31/2004 Balance	Assessments	Collections	Adjustments	12/31/2005 Balance
2005	\$ -	\$ 3,041,061	\$ (2,909,051)	\$ (19,356)	\$ 112,654
2004 & prior	348,437	-	(26,765)	-	321,672
Total	<u>\$ 348,437</u>	<u>\$ 3,041,061</u>	<u>\$ (2,935,816)</u>	<u>\$ (19,356)</u>	434,326
Less Allowance for Uncollectibles					<u>(4,100)</u>
Net Receivables					<u>\$ 430,226</u>

2-D. Component Unit - Cash Surrender Value of Life Insurance

The cash surrender value of four life insurance policies on the lives of former and current members of management of the NWSL Commission as of December 31, 2005 was \$444,818. The face values of these policies total \$3,488,224. The purpose of the policies is to fund salary continuation and deferred compensation agreements or personal death benefits prior to retirement. Increases in the cash surrender value of the life insurance policies are used to offset the current expense attributable to the deferred compensation.

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

2-E. Capital Assets

Capital asset activity for the year ended December 31, 2005, was as follows:

2-F. Interfund Balances and Transfers

Interfund balances at December 31, 2005, consisted of the following amounts and represent charges for services or reimbursable expenses. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting period, and (3) payments between funds are made. The City expects to repay all interfund balances within one year.

Payable To:	Payable From:		
	Street Improvement Fund	Capital Equipment Funds	Total
General Fund	\$ 65,657	\$ 33,125	\$ 98,782

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

2-F. Interfund Balances and Transfers - continued

Interfund transfers for the year ended December 31, 2005, consisted of the following:

	Transfers From:	
Transfer to	General Fund	Total
Non-major governmental funds	\$ 291,700	\$ 291,700
2002 SPLOST	60,070	60,070
Street improvement fund	750,000	750,000
	\$ 1,101,770	\$ 1,101,770

Transfers are used to report revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them. Transfers are also used to report unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to segregate money for anticipated capital projects; to provide additional resources for current operations or debt service; and to return money to the fund from which it was originally provided once a project is completed.

All City transfers either occur on a regular basis or are consistent with the purpose of the fund making the transfer.

2-G. Operating Leases

In 2001, the NWSL Commission entered into an operating lease for additional office space. The lease is a five-year lease from November 2001 through October 2006. The annual lease expense is \$32,500 payable monthly. In 2005 the NWSL Commission entered into an operating lease for additional office space. The lease is a twelve month lease from June 2005 through May 2006. The monthly lease expense is \$1,350. Rental expense for 2005 was \$29,205.

At December 31, 2005, approximate future minimum rental payments required are as follows:

2006	\$35,183
------	----------

2-H. Short-Term Debt

Component Unit Line of Credit - The NWSL, Commission has a \$2,000,100 unsecured bank line of credit expiring March 5, 2006. There was \$2,000,100 of borrowings outstanding against the line of credit at December 31, 2005. The line of credit has been renewed to March 5, 2006. *Variable Rate Terms* - Interest rates are calculated using lender's prime rate as the base rate. These rates can change at any frequency at above or below the stated rate.

	Outstanding 12/31/2004	Additions	Reductions	Outstanding 12/31/2005
Component Units:				
Line of Credit	\$ 1,500,000	\$ 600,000	\$ -	\$ 2,100,000
Total Component units	\$ 1,500,000	\$ 600,000	\$ -	\$ 2,100,000

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

2-I. Long-Term Debt

Component Unit Notes Payable - The NWSL Commission has arrangements with the Georgia Municipal Association, Wachovia, BB&T and Altec Capital Services to lease assets as capital leases. As part of those arrangements, the NWSL Commission has additional amounts available to purchase additional equipment or utility vehicles. The amount available is recorded on the statement of net assets as restricted assets. Annual debt service requirements to amortize the notes payable outstanding, as of December 31, 2005 follow:

Year	Principal	Interest	Total
2006	\$ 186,370	\$ 53,114	\$ 239,484
2007	193,366	46,118	239,484
2008	200,508	38,975	239,483
2009	208,150	31,333	239,483
2010	215,963	23,520	239,483
2011	224,070	15,414	239,484
2012	232,454	7,030	239,484
2013	63,286	403	63,689
Total	<u>\$ 1,524,167</u>	<u>\$ 215,907</u>	<u>\$ 1,740,074</u>

Component Unit Capital Lease - The NWSL Commission leases certain equipment and utility vehicles under agreements that are classified as capital leases. The cost of equipment under capital leases is included in the statement of net assets as property, plant and equipment and was approximately \$1,138,000 as of December 31, 2005. Accumulated depreciation of the leased equipment at December 31, 2005 was approximately \$546,000. Depreciation of assets under capital leases is included in depreciation expense. Annual debt service requirements to amortize the capital lease obligations outstanding, as of December 31, 2005 follow:

Year	Principal	Interest	Total
2006	\$ 116,389	\$ 19,218	\$ 135,607
2007	88,258	13,571	101,829
2008	93,434	8,395	101,829
2009	68,713	4,475	73,188
2010	22,385	371	22,756
Total	<u>\$ 389,179</u>	<u>\$ 46,030</u>	<u>\$ 435,209</u>

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

2-I. Long-Term Debt - continued

Component Unit - Georgia State Revolving Loan – In 1991, the NWSL Commission received approval for a \$5,100,000 loan from the Georgia State Revolving Loan Fund (SRF) for addition and improvements to the Wahoo Creek Water Pollution Control Plant. A one-time administration fee of \$204,000 was added to the loan and increased the approved principal amount to \$5,304,000. The interest on this loan is at the rate of 4 percent per annum and was accrued during the construction period as draws were made. Construction was completed in early 1994, and the plant is now fully operational. The NWSL Commission elected to add the accrued interest to the loan principal, bringing the total borrowing to \$5,664,861. The loan principal and interest will be repaid in monthly payments of \$34,309. Annual debt service requirements to amortize the Georgia State revolving loan outstanding, as of December 31, 2005 follow:

Year	Principal	Interest	Total
2006	\$ 302,660	\$ 109,051	\$ 411,711
2007	314,991	96,720	411,711
2008	327,789	83,922	411,711
2009	341,197	70,514	411,711
2010	355,080	56,631	411,711
2011	369,546	42,165	411,711

2013	400,275	11,436	411,711
2014	68,109	346	68,455
Total	<u>\$ 2,864,227</u>	<u>\$ 497,916</u>	<u>\$ 3,362,143</u>

Component Unit – Revenue Bonds

Series 1998 Bonds – During the year 1998, the Commission issued \$8,900,000 of Water, Sewerage and Light Commission Public Utilities Revenue Bonds jointly with the City of Newnan, Georgia. The bonds are dated May 1, 1998 and bear interest rates from 4% to 5%.

The Series 1998 Bonds were issued to provide funds to acquire, construct and install certain additions, extensions and improvements to the water and sewer portion of the combined water, sewerage and electric distribution system of the City of Newnan and pay certain costs of issuance of the Series 1998 Bonds. The Series 1998 Bonds are payable solely from the net revenues of the combined water, sewerage and electrical distribution system of the City. The maturities of the Series 1998 Bonds are as follows:

Year	Principal	Interest	Total
2006	\$ -	\$ 404,015	\$ 404,015
2007	145,000	397,715	542,715

2-I. Long-Term Debt - continued

Component Unit – Revenue Bonds - continued

Series 2005 Bonds – During the year 2005 the NWSL Commission (through the Coweta County Development Authority) issued revenue bonds, Series 2005 for the purpose of refinancing the 1997, 2000, and 2002 revenue bonds. The bonds are dated December 15, 2005 with a face value of \$33,220,000 and bear interest from 3.5% to 5.0%. The 2005 bonds were to advance refund and defease \$6,540,000 of outstanding 1997 Series bonds with an interest rate from 4.35% to 4.9%, \$14,755,000 of outstanding 2000 Series bonds with an interest rate from 4.5% to 5.75%, and \$12,000,000 of outstanding 2002 Series bonds with an interest rate from 3.0% to 5.25%. The net proceeds of \$35,213,581 (after payments \$842,749 in underwriting fees, insurance and other issuance cost, \$2,863 payment to the NWSL Commission, \$1,718,968 debt service transfer to escrow deposit, and bond premium of \$1,120,225) were used to purchase securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for future debt service payments on the 1997, 2000, and 2002 Series bond. As a result the 1997, 2000, and 2002 bonds are considered legally defeased and have been removed from the NWSL Commission’s books. The net carrying amount of the new debt exceeded the net carrying amount of the old debt by \$1,272,770, creating a deferred accounting loss. This deferred loss is being amortized over the remaining shorter life of the old debt or the new debt, which ever is shorter. The difference between the cash flows required to service the old debt and the cash flows required to service the new debt and complete the refunding total \$8,020,844. There was an economic present value loss (difference between the present value of the old debt and new debt service payments) of \$537,244 resulting from refund. The effective interest rate is 5.05%. The maturities for the Series 2005 bonds are as follows:

Year	Principal	Interest	Total
2006	\$ -	\$ 890,709	\$ 890,709
2007	-	1,526,930	1,526,930
2008	-	1,526,930	1,526,930
2009	-	1,526,930	1,526,930
2010	1,465,000	1,526,930	2,991,930
2011	1,555,000	1,440,118	2,995,118

2025	2,885,000	108,250	2,993,250
Total	<u>\$ 33,220,000</u>	<u>\$ 20,160,109</u>	<u>\$ 53,380,109</u>

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

2-I. Long-Term Debt - continued

Changes in Long-term Debt – Changes in the City’s long-term obligations consisted of the following for the year ended December 31, 2005:

Governmental Activities	Outstanding 12/31/2004	Additions	Reductions	Outstanding 12/31/2005	Amounts Due in One Year
Compensated Absences	\$ 347,319	\$ 5,541	\$ -	\$ 352,860	\$ 188,958
Component Units:					
Revenue bonds	\$ 56,995,000	\$ 33,220,000	\$ 34,780,000	\$ 55,435,000	\$ 425,000
Notes payable	1,703,795	-	179,628	1,524,167	186,370
Capital lease obligations	303,851	281,128	195,802	389,177	116,389
Georgia state revolving loan	3,155,068	-	290,841	2,864,227	302,660
Total Component units	\$ 62,157,714	\$ 33,501,128	\$ 35,446,271	\$ 60,212,571	\$ 1,030,419

The compensated absences liability will be paid from the fund from which the employees' salaries are paid. The debts for the NWSL Commission are retired from this fund.

2-J. Net Assets/Deficit Fund Balance

Net assets on the City-wide statement of net assets as of December 31, 2005 are as follows:

Investments in capital assets, net of related debt:	Governmental Activities
Cost of capital assets	\$ 57,622,463
Less accumulated depreciation	9,420,368
Investments in capital assets, net of related debt	\$ 48,202,095

The Law Enforcement Fund had a deficit fund balance of \$2,152 as of December 31, 2005. The City plans to transfer funds from the General Fund to reimburse this fund for the City’s required matching portion of grant expenditures.

2-K. Retirement Plans

Each qualified employee is included in at least one of the three retirement plans in which the City participates. These are the City of Newnan Retirement Plan (a defined benefit pension plan) and two City of Newnan’s Deferred Compensation Plan and Trust plans, which are deferred compensation plans 100% funded by employee contributions to provide retirement income and other deferred benefits in accordance with the provision of Section 457 of the Internal Revenue Code of 1986, as amended.

CITY OF NEWNAN RETIREMENT PLAN

Plan Description - The City’s defined benefit pension plan, the City of Newnan Retirement Plan (the “Plan”), provides retirement and disability benefits and death benefits to plan members and beneficiaries. The Plan is affiliated with the Georgia Municipal Employees Benefit System (the “System”), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for cities in the State of Georgia. The City is assigned the authority to establish and amend benefit provisions of the Plan. The System issues a publicly available financial report that includes financial statements and required supplementary information. The report can be obtained by writing to Georgia Municipal Association, Risk Management and Employee Benefit Services, 201 Pryor Street, SW, Atlanta, Georgia 30303 or by calling (404) 688-0472.

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

2-K. Retirement Plans - continued

Funding Policy - Employees are not required to contribute to the Plan. The City is required to contribute at an actuarially determined rate. The minimum annual contribution requirements of the City are established by Public Retirement Systems Standards Law (Georgia Code Section 47-20-10).

Annual Pension Cost and Net Pension Obligation - For 2005, the City's annual pension cost of \$628,592 for the plan was equal to the City's required and actual contributions. The required contribution was determined as part of the July 1, 2005, actuarial valuation using the projected unit credit actuarial cost method. The actuarial assumptions included (a) 8% investment rate of return, (b) projected salary increases of 5% per year for inflation, (c) additional projected salary increases of .5% per year attributed to seniority/merit, and (d) no per year post-retirement benefit increase. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a ten-year period. The period, and related method, for amortizing the initial unfunded actuarial accrued liability is thirty years from 1982 and current changes in the unfunded actuarial accrued liability over fifteen years for actuarial gains and losses, twenty years for plan provisions and thirty years for actuarial assumptions and cost methods at a level dollar amount. These amortization periods, if applicable, are closed for this plan year.

Actuarial Valuation Date	(1) Actuarial Value of Assets	(2) Actuarial Accrued Liability (AAL)	Unfunded AAL UAAL (2) - (1)	(4) Funded Ratio (1)/(2)	(5) Annual Covered Payroll	(6) UAAL as a Percentage of Covered Payroll
7/1/01	\$ 4,885,081	\$ 6,975,899	\$ 2,090,818	70%	\$ 5,474,679	38.2%
7/1/02	5,364,508	7,693,038	2,328,530	70%	5,890,594	39.5%
7/1/03	5,772,554	8,475,034	2,702,480	68%	6,401,092	42.2%
7/1/04	6,280,097	9,059,877	2,779,780	69%	6,236,097	44.6%
7/1/05	6,906,500	9,389,861	2,555,097	74%	6,548,148	39.0%

Schedule of Employer Contributions

Year Ended 12/31	Annual Required Contribution	Percentage Contributed	Net Pension Obligation
2001	\$ 460,515	100%	\$ -
2002	525,830	100%	-
2003	598,613	100%	-
2004	622,244	100%	-
2005	628,592	100%	-

Note 3 - Other Notes

3-A. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The City has joined the Georgia Interlocal Risk Management Agency (GIRMA). This membership allows the City to share liability, crime, motor vehicle and property damage risks.

The City also participates in the Georgia Municipal Employees Benefit System's Life and Health Insurance Program (GMEBS). GMEBS is the policy holder with BlueCross BlueShield of Georgia (BCBSB) and the City subscribes to the program. GMEBS is the City's administrator for health (HMO), dental and life insurance coverages and they engage the insurance company to process and pay claims. The City joined the program by Ordinance and participation is effectively perpetual unless the City initiates a termination. The premiums that are paid to GMEBS cover the cost of all eligible claims incurred while the City is a participating employer and the cost of the services of GMEBS.

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

3-A. Risk Management - continued

Chapter 85 of Title 36 of the Official Code of Georgia Annotated authorizes Georgia municipalities to form interlocal risk management agencies. The Georgia Interlocal Risk Management Agency (GIRMA) is a municipal interlocal risk management agency to function as an unincorporated nonprofit instrumentality of its member municipalities – GIRMA establishes and administers one or more group self-insurance funds and a risk management service to prevent or lessen the incidence and severity of casualty and property losses occurring in the operation of municipal government. GIRMA is to defend and protect in accordance with the member government contract and related coverage descriptions any member of GIRMA against liability or loss.

The City must participate at all times in at least one fund which is established by GIRMA. The City retains the first \$1,000 of each risk of loss in the form of a deductible. The City files all worker's compensation claims with GIRMA. GIRMA bills the City for any risk of loss up to the \$1,000 deductible.

The basis for estimating the liabilities for unpaid claims is "IBNR" or "incurred but not reported" established by an actuary. The City is not aware of any claims that the City is liable for the deductible amount which were outstanding and unpaid as of December 31, 2005. No provisions have been made in the financial statements for the year ended December 31, 2005 for any estimate of unpaid claims.

There were no significant reductions in insurance coverage from prior year, and there have been no settlements that exceed the City's insurance coverage during the past three years.

3-B. Contingent Liabilities

The City has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could result in a request for reimbursement to the grantor agency for costs disallowed under terms of the grant. Based on prior experience, the City believes such disallowances, if any, will be immaterial.

The City was a defendant in several lawsuits at December 31, 2005. In the opinion of City management, the outcome of these contingencies will not have a material effect on the financial position of the City.

In December 2002, the Newnan Hospital Authority (a potential component unit) issued revenue bonds totaling \$49 million which was loaned to Newnan Hospital, Inc. to be used for financing the acquisition of Emory Peachtree Regional Hospital and the acquisition, construction and equipping of other healthcare improvements and equipment as well as to refund certain debt obligations previously issued. The principal amount of the debt at December 31, 2005 is \$42,635,000. Since the debt is a legal obligation of Newnan Hospital, Inc., it is not reported as City debt.

Newnan Water, Sewerage and Light Commission (NWSL), a component unit, is a participating member in MEAG (Municipal Electric Authority of Georgia (MEAG)). The commission is obligated to purchase power and energy requirements through MEAG and has guaranteed a portion of MEAG's debt in the event that MEAG's revenues are insufficient to cover all costs and retire its debt. The City of Newnan is secondarily liable on this debt in the event of MEAG's default. At December 31, 2005, MEAG's outstanding debt was approximately \$3.7 billion. The Commissions' share of this debt is approximately \$86.2 million.

In May, 1999, the City approved a resolution adopting the provisions of the Municipal Competitive Trust (the "Trust"), which was created by MEAG for the benefit of MEAG and its wholesale customers that have elected to become beneficiaries. The Trust provides MEAG and the Trust's beneficiaries a mean to mitigate the expected differential between market rates for power and the costs of power generated by MEAG facilities, after deregulation of the electric industry.

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

3-B. *Contingent Liabilities - continued*

In association with the Trust, three sub accounts were established for the Commission, a flexible operating trust, a credit support operating trust and a reserve-funded debt trust. The accounts are funded by various sources including contributions from the Commission, from the Commission's Discretionary Reserve Fund with MEAG, MEAG's Rate Stabilization Reserve Fund or from other available MEAG or Commission sources. Withdrawal rights vary by trust: funds in the flexible operating account may be withdrawn at any time, whereas, the balance in the credit support operating trust is available only as an interest-bearing loan that must be repaid within five years and is limited to use for capital expenditures. Funds in the reserve-funded debt trust account may not be withdrawn. Because of the restrictions of the latter two accounts, only the balance in the flexible operating is reflected in the Commission's financial statements as assets. At December 31, 2005, the balance in this account was \$1,340,013.

3-C. *Joint Venture*

Under Georgia law, the City, in conjunction with other cities and counties in the nine county coastal Georgia area, is a member of the Chattahoochee Flint Regional Development Center (RDC) and is required to pay annual dues thereto. During the year ended December 31, 2005, the City paid approximately \$19,900 in such dues. Membership in an RDC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organizational structure of the RDC in Georgia. The RDC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of an RDC. Separate financial statements may be obtained from the Chattahoochee Flint Regional Development Center, P.O. Box 1600, Franklin, Georgia 30217

3-D. *Special Purpose Local Option Sales Taxes*

On August 6, 1996, the City entered into an agreement with Coweta County and other cities in the County to extend the one percent special purpose local option sales tax for an additional five year term. The special sales tax was formally adopted on July 27, 1996 and went into effect on January 1, 1997. Under this agreement, the City is to use 70% of the sales tax proceeds that it collects from the County for the following capital outlay projects: a records retention center, a city hall, the expansion and remodeling of police headquarters, transportation improvements, recreation park development and road, street and bridge improvements. The remaining 30% is remitted to the NWSL Commission for use on its projects.

In 2001, the City entered into an agreement with Coweta County and other cities in the County to extend the one percent special purpose local option sales tax for an additional five year term. The special sales tax was formally adopted on July 20, 2001 and went into effect on January 1, 2002. Under this agreement, the City is to use 84% of the sales tax proceeds that it collects from the County for the following capital outlay projects: streets, drains and sidewalks, parkland acquisition and development, a convention center, downtown parking facilities, fire equipment and additions to the City shop and other smaller projects. The remaining 16% is remitted to the NWSL Commission for use on its projects.

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

3-D. Special Purpose Local Option Sales Taxes - continued

The following is a schedule of the activity relating to the special sales taxes for the year ended December 31, 2005:

	<u>SPLOST 1997</u>	<u>SPLOST 2002</u>
Balance on hand, January 1, 2005	\$ 2,791,153	\$ 4,315,794
Revenue:		
Taxes	-	2,620,816
Investment earnings	74,277	145,761
Less 16% remitted to NWSL Commission	<u>-</u>	<u>(419,330)</u>
Net proceeds to be used for projects	2,865,430	6,663,041
Less amount for projects:		
Municipal buildings	-	-
Construction of downtown parking facilities	-	58,717
Computer equipment	31,070	-
Transportation improvements	-	-
Fire equipment and improvements	-	370,670
Park acquisition and development	509,868	144,437
Streets, drains and sidewalks	22,996	413,495
Convention center	<u>-</u>	<u>142,913</u>
Balance on hand, December 31, 2005	<u>\$ 2,301,496</u>	<u>\$ 5,532,809</u>

3-E. Hotel/Motel Taxes

The City levies a 5% lodging tax. A summary of the transactions for the year ended December 31, 2005 follows:

	<u>2005</u>	<u>%</u>
Revenue	\$ 200,100	100%
Less 60% retained for City use	<u>(120,060)</u>	<u>-60%</u>
Revenue available for expenditure	80,040	40%
Investment earnings	<u>12,510</u>	<u>6%</u>
Net proceeds to be used for projects	92,550	46%
Expenditures		
Newnan Male Academy Museum	4,942	2%
City Promotions	<u>15,569</u>	<u>8%</u>
Total expenditures	<u>20,511</u>	<u>10%</u>
Unexpended funds	<u>\$ 72,039</u>	<u>36%</u>

In 1998, the City began funding the development of the Newnan Convention Center. The balance of the resources not expended since 1998, totaling \$325,538 with interest, is designated for use in this project. The use of the expenditures is for the promotion of tourism as required by O.C.G.A 48-13-51.

City of Newnan, Georgia
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

3-F. *Prior Period Adjustment*

There were two funds inadvertently omitted from the prior year financial statements. One was a special revenue fund – Miscellaneous Grants, which had the following activity in 2004 – grant revenue of \$27,065, grant expenditures of \$24,104 for an ending fund balance of \$2,961 at December 31, 2004.

The other fund was a capital projects fund – Impact Fees. The activity in this fund in 2004 consisted of impact fees revenue of \$291,497, investment earnings of \$50 and ending beginning fund balance of \$291,547 at December 31, 2004.

The total effect on the beginning fund balance was \$294,508 for the December 31, 2005 financial statements.

City of Newnan, Georgia
Notes to Required Supplementary Information
Budgetary Information

1-A. Budgetary Information

The City adopts an annual operating budget for all funds. The budget resolution reflects the total of each department's appropriation in each fund. The governmental fund budgets are adopted on a non-GAAP budgetary basis. Expenditures charged against the budget include outstanding encumbrances at year-end and do not include the indirect cost allocations. Revenues are reported on a GAAP basis.

The legal level of control (the level at which expenditures may not legally exceed appropriations) for each adopted annual operating budget generally is the department level within each function within each individual fund. Any change in total to a fund or departmental appropriation within a fund requires approval of the City Council.

The City Manager may approve budget transfers within departments, limited to \$5,000. Any transfers within the department in excess of \$5,000 require City Council approval.

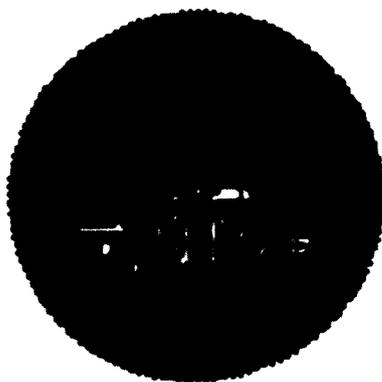

All unexpended, unencumbered annual appropriations lapse at year-end. Encumbered appropriations carry forward automatically.

2-B. Excess of Expenditures over Appropriations

For the year ended December 31, 2005, total expenditures exceeded budget in the General Fund by approximately \$106,000; however, total revenues exceeded budget by approximately \$1,395,000 for a total favorable variance of approximately \$1,289,000. The overages in many of the individual departments, of which Council was aware and had approved in their meetings as appropriations of additional revenues, are being appropriately addressed by management. The City has established a correction action plan for fiscal year 2005 by incorporating budget amendments for all appropriations by Council. The following departments within the fund (i.e., the legal level of budgetary control) reported an excess of expenditures over the final appropriation for the year ended December 31, 2005:

<u>Fund/Department</u>	<u>Final Budget</u>	<u>Budget Expenditures</u>	<u>Negative Variance</u>
General:			
Municipal court	\$ 71,688	\$ 89,506	\$ 17,818
Police	4,557,809	4,613,917	56,108

OTHER REPORTS

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and
Members of the City Council
City of Newnan, Georgia

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Newnan, Georgia, as of and for the year ended December 31, 2005, which collectively comprise the City of Newnan, Georgia's basic financial statements and have issued our report thereon dated May 24, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered City of Newnan, Georgia's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that we have reported to management of City of Newnan, Georgia, in a separate letter dated May 24, 2006.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Newnan, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed

instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* which are described in the accompanying schedule of findings and questioned as items 2004-1.

This report is intended solely for the information and use of the audit committee, management, City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

May 24, 2006

CITY OF NEWNAN, GEORGIA

**Schedule of Findings and Questioned Costs
December 31, 2005**

Prior Year Finding 2004-01

Compliance and Other Matters

Reportable Condition

The City had an excess of expenditures over appropriations at the legal level of control for the year ended December 31, 2004, which is a material legal violation of state statutes. All of the excess expenditures over appropriations were approved by council, but the budgets were not amended to reallocate the expenditures.

Recommendation

The City should amend their budget whenever an expenditure, which would result in excess expenditures, is approved

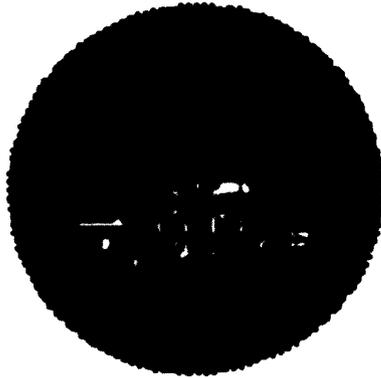

Response

The City concurred with this finding and has provided a corrective action plan to correct this deficiency.

Current Status

For the year ended December 31, 2005, the City also had an excess of expenditures over appropriations at the legal level of control. The City has not taken appropriate action to amend its budget.

**INDEPENDENT AUDITOR'S REPORT ON SPECIAL
ONE PERCENT SALES AND USE TAX**

To the Honorable Mayor and
Members of the City Council
City of Newnan, Georgia

We have audited the accompanying Schedules of Projects Constructed with Sale Tax Proceeds (1997 and 2002) of the City of Newnan, Georgia, for the two years ended December 31, 2005 and 2004. These Schedules of Projects are the responsibility of the City's management. Our responsibility is to express an opinion on the Schedule of Proceeds based on our audit.

Our audit was conducted in accordance with generally accepted governmental auditing standards as required by Section 48-8-121 of the Official Code of Georgia Annotated (OCGA). Generally accepted governmental auditing standards are defined in the publication Governmental Auditing Standards published by the Comptroller of the United States. Generally accepted auditing standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedules are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by and management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In the conduct of our audit, we verified and tested expenditures of each project constructed or under construction which were identified in the resolution or ordinance calling for imposition of the special sales and use tax authorized by Section 48-8-110 OCGA. In our opinion, the accompanying schedule which lists each identified project and information required by Section 48-8-121 OCGA presents fairly, in all material respects, the original estimated cost of each project, current estimated cost of each project, amounts expended in prior years, and amounts expended in the current year of each project through December 31, 2005, the end of the fiscal year covered by this audit, in relation to the financial statements taken as a whole.

GOVERNMENT:

Date of Incorporation 1828

The City of Newnan operates under a Council-Manager form of government. Under the Council-Manager form of government, citizens elect their representatives, the Mayor, at large for a four-year term, and City Council, from each of the six districts for four-year terms, who determine policy for the City. The Council selects and appoints the City Manager, who is responsible for administering the Council's policies, advising the Council, and conducting the day-to-day operations of the City.

HISTORY:

Coweta County is situated on land which was once the home of the Coweta Indians, or Lower Creeks, and was ceded by the Treaty of Indian Springs signed by President James Monroe on March 5, 1825. Coweta County was created by legislative act on December 11, 1826, before tensions were resolved. A settlement known as Bullsboro was founded in 1828 and was the first county seat for the area. A site for a new county seat was selected about two miles west of Bullsboro and on March 20, 1828, Land Lot 25 of the Fifth Land district was purchased from Charles Connally for \$100 for the courthouse location. The remaining acreage was laid out in lots for sale to the general public. The new town was named for General Daniel Newnan, a noted Indian fighter, State Adjutant General, Secretary of State and U.S. Congressman. Newnan has long been known as the "City of Homes". A number of homes from the antebellum period survived the Civil War and remain as visible reminders of the era. Several areas in Newnan have been listed as historic districts on the National Register of Historic Places.

EDUCATION:

Newnan/Coweta County has a historic tradition of scholarship and leadership in education. In the 1850's, College Temple was the first women's college in the nation to confer the degree of Master of Arts. The Coweta County public school system, widely recognized as one of the best in the state, has produced three Rhodes Scholars, a Pulitzer Prize winner, and several famous authors and musicians. Almost every year, the system's teachers receive local, regional, and national recognition—Honor Teacher Award, Presidential Award of Excellence and Teacher of the Year.

CITY OF NEWNAN, GEORGIA
MISCELLANEOUS STATISTICAL DATA
December 31, 2005

EDUCATION: (continued)

The newest educational addition to the City is the Central Educational Center (CEC), a charter school based on the European-style apprenticeship programs. CEC was developed through a public-private partnership of 21st Century Coweta (including, but not limited to Coweta County schools, Carroll Technical Institute and the local business and industrial communities). CEC will provide today's youth with a unique educational opportunity providing seamless course offerings yielding joint credit with Carroll Tech and transfer credits with traditional four-year universities. To paraphrase Governor Barnes' address at the CEC groundbreaking ceremony, "Charter schools provide the solution for experimentation in education and Central is perhaps the most visible and successful result of that model in the State to date."

Charter Schools

The Central Education Center (CEC) is an additional choice of education in Newnan. Students attending CEC are officially counted in other schools.

Private

The Heritage School, a co-educational, non-sectarian school, offers college preparatory curriculum for grade levels kindergarten through 12th grade. The Newnan Christian School, founded by Bible Baptist Church, provides education for grade levels kindergarten through 12th grade.

College & University

The Newnan Center for West Georgia College, located in the Shenandoah Environmental & Education Center, provides undergraduate and graduate courses leading to bachelor and masters degrees. Courses are primarily offered during evening hours.

Additionally, in 2005, Brewton Parker College established a satellite campus in Newnan at the CEC to offer undergraduate courses and degrees.

CITY OF NEWNAN, GEORGIA
MISCELLANEOUS STATISTICAL DATA
December 31, 2005

HEALTH:

Newnan is the location of the county's major health services and facilities. Newnan Hospital is a healthcare delivery system offering hospital services at 60 Hospital Road. Services include 24-hour emergency departments, same-day surgery, obstetrics, women and children services, CT scan, PET scan, MRI and Open MRI, a wound treatment center and a sleep center.

Newnan Hospital also operates Beaulieu Convalescent Center, a 143-bed skilled nursing home, and the Newnan Hospital Health and Fitness Center. Additionally, Newnan has many primary care and specialty physicians and surgeons to meet the professional clinical needs of the children and adults and seniors in the community. For more information about Newnan Hospital, you may view their website at www.newnanhospital.org.

Also located in Newnan is the Coweta County Clinic. This clinic provides low cost health services to economically disadvantaged families. Additionally, the county has available physician services from pediatrics to neurology, including several multi-service clinics.

RECREATION:

Newnan's primary source of recreational facilities is derived from its inventory of parks and open spaces. Currently, the City has eleven parks within its city limits, nine of which the City is the sole owner. One of these parks is the Carl Miller Park, a 14-acre park on the southern end of the City. Constructed by Newnan Water, Sewerage and Light Commission, the park has picnic tables, pavilions for groups of up to 150 people, a jogging path with exercise stations, a preschool playground and the Kid's Castle Park. Built in 1998 by local volunteers and funded through local donations, Kid's Castle Park is a 32,000 square foot playground featuring wooden climbing areas, several swings, assorted bridges, tunnels, forts, playhouses, cars, boats, trucks, and airplanes.

Additionally, the City of Newnan contracts with Coweta County for the administration of recreational programs at City parks and facilities. Coweta County also provides county recreational facilities and services near the northwest portion of the City.

In 1939, as part of the Public Works program of F.D. Roosevelt, Newnan's Municipal Building was constructed. Included in the construction was a 636-seat capacity auditorium, named for Charles Wadsworth, a native Newnanite and renowned pianist. The auditorium has been the location of many cultural, civic and social events for the city and county.

**CITY OF NEWNAN, GEORGIA
MISCELLANEOUS STATISTICAL DATA**

December 31, 2005

RECREATION: (continued)

Construction began in 2002 on the Coweta County School System Performing and Visual Arts Center, which will include a 999-seat auditorium. The new facility will be sited on land that is to be jointly developed between the School System and the City of Newnan. A convention center and amphitheatre are planned to be built by the City next to the Arts Center. Since the convention center project is in the preliminary design phase, no construction date has been set. In addition, a hotel is being planned adjacent to these facilities.

The Male Academy Museum is used to house many of Newnan's historical artifacts. It is staffed by a part-time director/curator. The Magnet-Brannon Center for the Arts located near downtown Newnan provides many cultural, civic and social events for the City and County. The African American Alliance operates the Coweta County Heritage Museum and Research Center at 92 Farmer Street. The Newnan Community Theatre produces play and musicals on a monthly basis at 24 First Avenue.
