GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

City of Newnan

Georgia

For the Fiscal Year Beginning

January 1, 2018

Christopher P. Morill

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented an award of Distinguished Presentation to the City of Newnan, Georgia, for its annual budget for the fiscal year beginning January 1, 2019. This is the City's twenty-ninth consecutive year!

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, operations guide, financial plan and communications device. The GFOA established the Distinguished Budget Presentation Awards Program (Budget Awards Program) in 1984 to encourage and assist state and local governments to prepare budget documents of the very highest quality that reflect both the guidelines established by the National Advisory Council on State and Local Budgeting and the GFOA's best practices on budgeting and then to recognize individual governments that succeed in achieving that goal.

The award is valid for a period of one year only. The FY 2019 budget continues to conform to program requirements and will be submitted to GFOA to determine its eligibility for the FY 2019 Distinguished Budget Presentation Award.

Manager's Message

City Manager's Message

HONORABLE MAYOR AND CITY COUNCIL:

In accordance with the laws of the state of Georgia and ordinances adopted by the governing authority of the City of Newnan, Georgia, the "FY 2019 Annual Budget" is hereby presented. The FY 2019 Budget is balanced by fund and complies with the fiscal policies as adopted by the Mayor and Council. The City was awarded, for the twenty-ninth consecutive year, the Government Finance Officers Association (GFOA) of the United States "Distinguished Budget Presentation Award" for 2018. This budget document was developed on the same basis as previous years and will be submitted to GFOA in anticipation of gaining this prestigious award again in 2019.

City Manager

A. Goals

The mission of the City of Newnan is *"to provide cost effective programs and services while continuously focusing on preserving and enhancing the quality of life that is enjoyed by all Newnan citizens."*

The purpose of this document is to provide Council, citizens, and staff with detailed financial and performance information that will continue to:

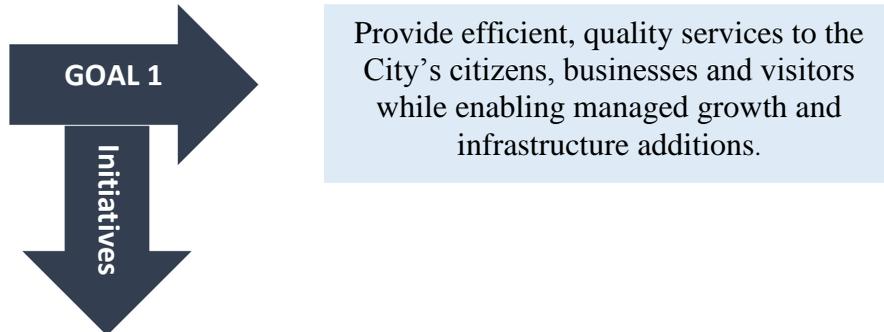

- Improve public accountability and on-going relations between the City and our citizens.
- Provide information on tasks that have been completed and projects planned with the use of public funds.
- Provide a tool for operational decisions during the budget year.
- Enhance the delivery of public services and quality of life for our community.

All departments are charged with implementing and maintaining programs and services which support the mission and goals of the City. Each department has developed and monitors specific performance measures which provides us with a tool to accurately measure outputs and efficiencies. The FY 2019 Budget clearly aligns the City's mission, goals and initiatives with spending and shows the impact of operations and proposed capital projects.

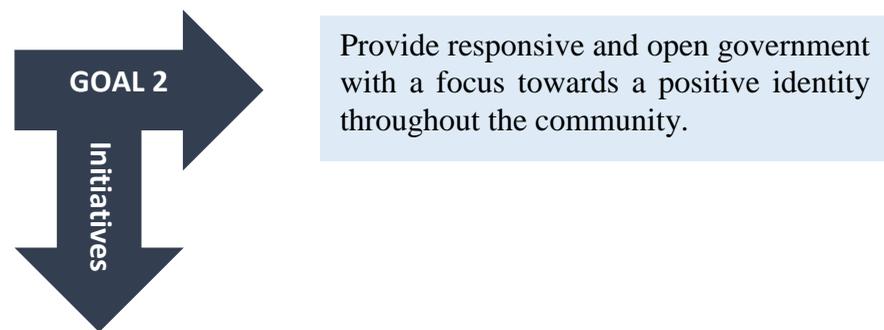

This budget, which includes a six-year Capital Improvement Program (CIP), was prepared in the same conservative style as years past but with the specific intent to address key service areas and to retain an attractive benefits package for current and future employees. Personnel was added to address fire services, grounds maintenance, and animal control. Employee contributions to health insurance plans are not increasing and recruitment strategies have been implemented for police officers. In making these type of budget decisions, staff relied upon documents such as our Comprehensive Plan, Greenway Master Plan, Retreat Strategy, along with recent staffing and compensation studies. These documents are key to a conservative, yet results oriented, budget document.

I am very confident this budget will provide resources that will allow staff to increase the level of services that we provide to our citizens. All of our programs and operations are continually assessed

to identify areas of needed improvement. Below is a list of strategic goals and initiatives which influenced the development of the FY 2019 Budget for the City of Newnan. The goals and initiatives serve as the mechanism for determining priorities over multiple years for consistent, quality services to our citizens.

- Maintain City services at established and professional standards.
- Improve service delivery strategies while maintaining healthy revenues.
- Seek ways to increase efficiencies and effectiveness through technological advancements.
- Actively promote downtown revitalization through resources and funding of business development and main street activities.
- Maintain a capital asset acquisition strategy which meets the city's infrastructure needs.
- Provide strong police and fire protection to ensure a safe community.
- Provide excellent, reliable customer service.
- Manage commercial and residential growth to ensure that required infrastructure needs are met.
- Maintain a formal acquisition and implementation strategy for parks and open space.
- Promote installation of infrastructure to support private development.
- Promote high quality development and attractive community appearances.

- Develop and implement a technological infrastructure which facilitates communication with citizens and businesses and improves the effectiveness of City staff.
- Listen to citizens and remain responsive to their needs.
- Maintain high standards of integrity, honesty, openness and fairness in serving citizens.
- Maintain transparency through quality reporting and meetings.

Promote and maintain a high quality of life for the residents, businesses and visitors of the City of Newnan

- Ensure a high quality of life for our residents through sustainable, thriving neighborhoods, infrastructure maintenance and facility improvements.
- Provide and maintain a safe, secure and clean community.
- Commitment to preserving the City's financial and physical resources for current and future generations.
- Protect and enhance residential neighborhoods and commercial districts.

Hire and maintain a qualified work force.

- Employ, train and maintain a quality workforce of highly effective and efficient individuals.
- Treat City staff with fairness, respect and dignity.
- Create and foster a healthy work environment which promotes high morale, ethics and job satisfaction.
- Encourage employees to identify opportunities which will improve efficiency and effectiveness.

Promote community participation and involvement in local government.

- Encourage citizens and businesses to participate in the City's planning and decision-making processes through volunteer opportunities, public meetings and appointments to the City's various boards, commissions and committees.
- Improve the methods of communication with citizens and businesses.

- Develop and maintain liaisons with regional and statewide elected officials, governments and agencies.
- Encourage active feedback and comments from the citizenry.

Matrix of Primary City Priorities by Department

The chart to the right illustrates which departments/divisions are responsible for each of the City's Goals. These departments represent nineteen service areas and the FY 2019 budget contains mission, goals and initiatives of the City of Newnan. This information is contained in the General Fund Departmental Summaries section of this document. Information on the scope of operations, priorities, goals, accomplishments, as well as results on departmental performance for the prior year. All departmental data was derived from the overall mission, goals and initiatives of the City of Newnan.

B. Prior Year Operating Results and Accomplishments

Revenue collections for FY 2018 are projected to be 108% of the adopted budget. Expenditure control was maintained extraordinarily well at the department level.

During 2018, the City was able to accomplish many projects, some of which are listed below. The list provided is not all-inclusive and is shown in no particular order. A complete listing of prior year accomplishments is presented by department in the General Fund Departmental Budgets section of this document.

Any capital project listed above will be funded with a 'pay-as-you-go' financing plan, ensuring that the City retains its solid financial position. The voter approved Special Purpose Local Option Sales Tax (SPLOST) is the primary funding source for the capital expenditures planned in FY 2019. To illustrate their level of significance, of the total capital expenditures of \$11,746,374; SPLOST 13 and SPLOST 19 comprise 77% of the revenue expended in the capital budget.

D. Major General Fund Budget Changes

The two charts below highlight the major changes in the budgeted revenue and expenditures for the FY 2019 Budget. These changes are explained in the following Budget Assumptions Section.

Revenue Categories	Net Change
Property Taxes	\$652,500
Sales Tax	\$400,000
Franchise Tax	\$78,000
Inspections & Permits	\$50,000
Service Charges	\$323,000
Fines & Forfeitures	(\$27,500)
Other Local Revenue	\$230,800

Expenditure Categories	Net Change
General Government	(\$722,174)
Public Safety	\$1,477,886
Public Works	\$176,131
Community Development	\$350,214
Other Services	\$364,570

Major issues and increased operating needs that drove budget decisions for FY 2019 include (not all-inclusive):

**TAVT Revenue Mandate
HB 329**

Hiring 6 New Fire Fighters

**New Leisure Service
Department**

**Beautification Staff
Additions**

**Downtown Sanitation
Subsidizing**

Trolley Operations

**10% Health Insurance
Increase**

E. Overall Budget Assumptions

The City of Newnan begins the initial planning stage of budget preparation by evaluating outside factors that may affect funding decisions, such as state and local economic conditions, federal and state program mandates, political and social environments, citizen concerns and outside agency considerations.

Based on the aforementioned factors, the following assumptions were used to guide the development of the FY 2019 Budget.

- The local economy is projected to remain steady throughout the budget year. New development activity remains strong and interest in re-development opportunities is growing in the downtown area.
- The national economy has been in a slow, but steady, expansion period for 9 years. History tells us that some form of correction may not be too far into the future. Staff believes that if a national economic correction were to happen, Newnan is well positioned to remain in a strong financial position.
- Based upon state and local economic conditions, revenue projections for 2019 are conservative, yet realistic.
- The 2018 tax digest increased 6.81% from 2017 as Newnan is experiencing growth in both commercial and residential areas. It is estimated that the 2019 digest will show additional growth at a 4.75% rate. Based on a 94% collection rate AND increasing the millage rate to

4.00 mills, property taxes are budgeted at \$5,460,000 for real and personal, \$1,100,000 for Title Ad Valorem Tax (TAVT) and \$40,000 for Vehicle Ad Valorem. All forms of Property Taxes, including delinquent taxes, are budgeted \$652,500 higher than 2018 or 10%.

- The City's distribution percentage of Local Option Sales Tax (LOST) will remain at 31.19% through 2022. LOST revenue is projected to increase by 6%, totaling \$7,000,000, up from \$6,600,000 in 2018.
- The need to subsidize the downtown garbage collection has had an impact to the General Fund transfers in the amount of \$140,000. Since the implementation of the program, the Sanitation Fund has realized an operating loss. However, due to the huge success of the program for which it was intended; keeping the downtown area and alley ways much cleaner; the City Council decided to subsidize the program.
- The 2019 budget includes six (6) new Fire Fighters for ½ year for staffing Fire Station # 4 with a budget impact of \$230,473. Two (2) beautification worker positions are added for 2019 to assist in maintaining the landscaping of the new facilities that the City is adding and have recently added. These two positions will have a budget impact of \$47,232. A new employee for the Leisure Service Department has been added to coincide with the creation of this department in 2018. The budget impact is \$61,777. Lastly, an additional Animal Control Officer has been added. The City currently only has one staff member in this area. The total impact of these additions are \$397,171.
- There is an increase in Contractual Labor by 20% and Other Contractual Services by 34% for a total combined increase of \$326,952. These increases can be attributed to added infrastructure, facilities and parks such as McIntosh Parkway, Fire Station 4, Dog Park and the LINC. These will require maintenance and eventually repairs. Also included in the increase is a budgeted \$100,000 to fund case prosecution services in the Police Department.
- The business climate remains strong, therefore Occupational Taxes are budgeted at \$3,111,000; fairly consistent with 2018.
- Insurance premium taxes are projected to continue with a steady increase in 2019 to \$2,200,000. This is a \$100,000 increase or 5% from 2018.
- Residential growth is steady, thus permit revenue is budgeted to see a slight increase of \$25,000 or 7%.
- Excise taxes have leveled off in 2019 and the City also anticipates a slight decrease of \$35,000 in Cable TV and Telephone Franchise Taxes combined.
- Transfers from Newnan Utilities remains consistent with 2018, therefore the budgeted transfer of \$1,650,000 represents no change for 2019.
- Interest on Investments have been increased by \$185,000 in 2019. As interest rates are beginning to rise, the City is planning to implement new strategies and will ask Council to review our investment policies.
- Police fines are expected to show a decrease from \$575,000 to \$550,000 or 4%. Public safety remains to be the highest percentage of expenditures in the overall General Fund Budget at 57% when transfers are removed.
- Transfers to the Downtown Development Authority have decreased by 100% !! The City being in a strong financial position and at the direction of City Council was able to alleviate the debt in 2018 for the University of West Georgia Project. This has had a significant impact on being

able to adjust operational expenses in the 2019 budget and increase the already high level of services provided to its citizenry.

- The City will contribute 10.89% of expected payroll towards retirement, a slight increase from 9.31% in 2018. The retirement plan is funded at a ratio of 82.48%, which remains healthy.
- Health Insurance Premiums increased by 10%. However, the 2019 budget represents an 18% increase or \$634,021. The additional 8% increase can be attributed to the nine (9) full-time positions added for 2019 and the results of Open Enrollment where we have seen more spouses and dependents added to the City plan.
- To further insure that we retain a competitive benefit package and reward our employee for their service and dedication, a 3% pay increase is included for all employees.

Conclusion

To protect the City's financial condition, while achieving the goals outlined in this budget, a conservative approach was taken to project revenue and appropriate budgeted expenditures. The FY 2019 Budget is submitted to the Newnan City Council with confidence that the document will allow citizens to benefit from increased service levels, assist City Council in setting policy, and provide City staff with the resources necessary to meet the mission of the City of Newnan.

A tremendous amount of time and effort has gone into producing this budget document. Staff members from the City Manager's Office, Human Resources, and Finance Department dedicate themselves to see that the budget process is successful each and every year. I would like to thank all of them for their tremendous commitment to this process. I would also like to say a special thank you to Ronda Helton for her work to improve upon the design and layout of the budget document. Due to her efforts, I am certain it will enhance the reading experience and transparency for our citizens.

Respectfully Submitted,

Cleatus Phillips, City Manager

City Introduction

Local Government

SECTION I. City (Local) Government

Since 1960, the City of Newnan has operated under the Council-Manager form of government. The City Council sets policies and relies on the City Manager to implement policy direction. The City Council consists of a Mayor and six Council members. The Mayor is elected at large and serves a four-year term. Council members are elected by district and serve four-year staggered terms. The City Council represents the interests of citizens of Newnan by adopting public policies, determining the City's mission, scope of services, and tax levels, passing ordinances, approving new projects and programs and ratifying the budget.

Appointed by and reporting to the City Council, the City Manager serves as the Chief Administrative Officer and is charged with the implementation of City Council adopted policies and directives and the day-to-day operations of the City. The City Manager is responsible for hiring directors to oversee each department.

The City currently employs 295 (including part-time) people who are organized into five functions: General Government, Public Safety, Public Works, Community Development and Other Services. General Government consists of City Manager, Human Resources, Finance, Information Technologies, and Facilities Maintenance; Public Safety includes the Police, Municipal Court, and Fire Department; Public Works involves the Street, Garage, Engineering, Cemetery and Sanitation Department; Community Development is comprised of Planning and Zoning, Building Inspection, Beautification and Other Services include the Carnegie Building, Business Development, Keep Newnan Beautiful and Main Street.

Also important in the operation of the City are the numerous boards and commissions. Preliminary issues are heard and considered before being presented to the Mayor and Council. Over one hundred citizen volunteers serve on the various boards, commissions, and authorities for the City of Newnan including the Board of Zoning Appeals, Planning Commission, Downtown Development Authority, Ethics Commission, Housing Authority, Keep Newnan Beautiful Commission, Newnan Cultural Arts Commission, Newnan Convention Center Authority, Parks Commission, Retirement Board, Tree Commission, Christmas Commission and Water & Light Commission. Members of these boards, commissions, and authorities aid in the effectiveness of local government.

Introduction

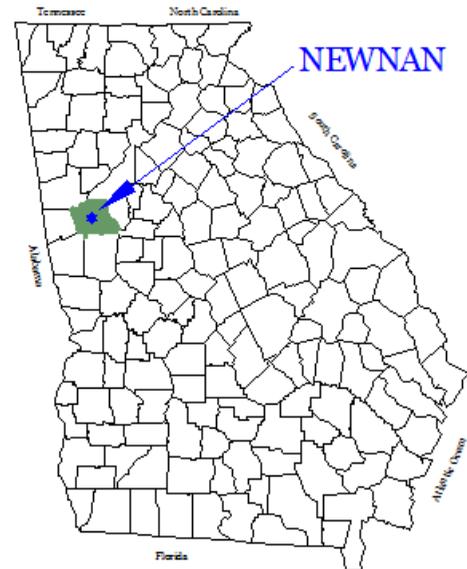

SECTION II. Introduction to the City of Newnan

The City of Newnan is the county seat of Coweta County and is located in the west central part of Georgia. The City is located approximately thirty-five miles southwest of Atlanta, with Interstate 85 running through the eastern part of the City.

A century and a half ago the small City of Newnan was carved out of the homeland of the proud Indian Creek Nation. Newnan stands in the preserved natural beauty of its surroundings, while thriving as an independent commercial and industrial trade center. As a residential community, Newnan has become widely known for its shady tree-lined streets and a large number of historic homes. Victorian and Classical Revival styles houses are prevalent, but Eclectic, Plantation Plain, and Plantation Variant styles are also common. Local builders have strived to maintain this quality in Newnan's modern homes, creating an aesthetic balance of old and new. The large number of recreational areas and the preservation of natural settings are the finishing touches to the City's picturesque landscape.

In 1828, eight streets were surveyed to form what would become downtown Newnan. The City was laid out in a grid pattern, and six of the streets still bear their original names, which honor famous Americans such as Jackson, Jefferson, Washington, and Madison. The new town was named in honor of General Daniel Newnan of Georgia. As one of the campaign leaders of the War of 1812, he survived severe wounds at Camp Defiance in 1813 to later become Georgia Adjutant General, Secretary of State, and a member of the United States Congress.

Newnan is home to six National Register historic districts, which contain some of Georgia's most beautiful houses and commercial buildings. Many houses are in the Antebellum and Victorian styles that dominated Newnan's early and mid-19th century development. Buildings that make up the central business district comprise several architectural styles, including Neoclassical, Italianate, Classical Revival, Romanesque and Victorian. Newnan's six historic districts are Cole Town, College -Temple, Downtown, Greenville-LaGrange, Newnan Cotton Mill, Mill Village, and Platinum Pointe.

A. Public Safety

One major goal of the City of Newnan is to provide a safe, secure, and clean community through the presence of strong police and fire forces with 24-hour services.

The City of Newnan Police department handles criminal investigations, traffic enforcement and assists with all municipal court cases. The department also utilizes bike patrol officers and a civilian jailor. There are two drug and vice units, one crime suppression unit and one ICE (Immigration and Customs Enforcement) unit.

The City of Newnan Fire Department's mission is to have professionally trained career firefighters committed to saving lives and property, to minimize the loss and suffering in the community due to fire through public education, code enforcement, standards of conduct, and training certification of personnel, and to provide responses to fires,

hazardous material incidents, and emergency medical calls with available resources. The picture above are fire fighters that received life-saving awards at their annual Christmas Dinner in 2017.

The Fire department has two aerial fire trucks, five pumper trucks, one special operations truck, and one hazardous materials trailer. The aerial fire trucks are utilized to fight fires in buildings reaching 95 feet and higher. Currently, the City of Newnan operates three fire stations: Station 1 is located at 23 Jefferson Street in the downtown area, Station 2 (McKenzie Station) is located at 1516 Lower Fayetteville Road, and Station 3 (Westside Precinct) is located on Temple Avenue. Budgeted for FY 2019 is Fire Station 4 to be located at 3 Farmer Commercial Park Drive.

B. Component Units of the City of Newnan

Component units are legally created public organizations which function "separate" from the City, yet elected officials of the City of Newnan remain financially accountable. Component units are created by the City and exist to serve public purposes. Currently the City of Newnan has three component units:

- Newnan Water, Sewerage and Light Commission (Newnan Utilities)
- Downtown Development Authority of the City of Newnan
- Newnan Convention Center Authority

1. Newnan Water, Sewerage and Light Commission/Newnan Utilities

The Newnan Water, Sewerage and Light Commission, also known as Newnan Utilities, is completely responsible for the control and management of the water, sewerage and lights of the City of Newnan.

The Newnan Water, Sewerage and Light Commission's governing board is appointed by the City Council of Newnan. The Commission consists of three members appointed for three-year staggered terms. General management of the Commission is vested in a full-time general manager who is selected by the Commission. He reports to the Chairman of the Commission. The financial affairs of the Commission are handled on a day-to-day basis by the treasurer of the Commission. This position is an appointment by the Commission and reports to the assistant general manager. The assistant general manager reports to the general manager.

The Commission's impoundment areas hold approximately two billion gallons of raw water -- enough to serve the City's needs for a period in excess of three months should the area experience drought conditions. The Commission's wastewater treatment plants ensure the highest degree of treatment, preserving the cleanliness of the local environment.

2. Downtown Development Authority of the City of Newnan

In 1981, the City of Newnan created the Downtown Development Authority. The purpose of the Authority is to focus on the revitalization and redevelopment of the central business district in downtown Newnan. Specifically, the Authority is charged with promoting the public good and general welfare for trade, commerce, industry, employment opportunities, a climate favorable to the location of new industry, and the development of existing industry within the downtown business district. The Authority has the legal authority to issue bonds, notes and/or other obligations to fund projects aimed at achieving the aforementioned goals/objectives. The governing board of the Authority is composed of seven directors who are appointed by the Newnan City Council. All directors must be a merchant or own property or buildings in the downtown business district.

3. Newnan Convention Center Authority

Newnan Convention Center Authority was created to promote tourism, trade and conventions for the City. The governing authority consist of 7 regular members. The Mayor and City Council members appoint the members of the Newnan Convention Center Authority. The City provides the major support to the Newnan Centre through the collections of hotel motel taxes and motor vehicle excise taxes.

Organizational Chart

Fund Structure

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise the City's assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriated. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund Definitions

SECTION I. Fund Definitions

The City utilizes three major governmental fund types: General, Special Revenue, and Capital Projects, plus one proprietary fund type: Enterprise. Below is each fund type description and on the pages to follow is a detailed summary of revenues and expenditures budgeted for each Fund in the same order of their description.

A. General Fund (Major Fund)

The General Fund is the main operating fund of the City. The General Fund is considered a MAJOR FUND because it is the main operating fund. It accounts for all transactions of the City which pertain to the general administration and services provided to citizens, including police and fire protection. This fund is used to account for all financial resources except those required to be in another fund. By definition, the City has only one General Fund. This fund accounts for the collection of most tax revenues, excise taxes, permits and licenses, fines and forfeitures, service charges and other local and intergovernmental revenues.

B. Special Revenue Funds (Non-Major Funds)

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes. The City has eight special revenue funds: Street Improvement Fund, Confiscated Assets Fund, NSP1 Grant Fund, NSP3 Grant Fund, Miscellaneous Grants Fund, Hotel/Motel Tourism Fund and Rental Motor Vehicle Excise Tax Fund.

Street Improvement Fund

The Street Improvement Fund is utilized to account for state grants (LIMG) and contracts for the purpose of maintaining City streets and roads. This fund's revenue stream consists of monies from state grants and contracts. Prior to the implementation of GASB 54 in 2012, this fund also relied on a transfer from the General Fund for maintenance of the City's streets and roads.

Confiscated Assets Fund

The Confiscated Assets Fund consists solely of confiscated, condemned funds released by the Superior Court. The monies are used by the City of Newnan Police Department to purchase necessary equipment and supplies; it cannot be utilized for wages and benefits. Any projected fund balance automatically carries over the next year for budgeting purposes.

NSP1 Grant Fund

The NSP1 Grant Fund was created in the FY 2010 budget to account for funds received from the Georgia Department of Community Affairs Neighborhood Stabilization Program. The grant funds are passed through to the Newnan Housing Authority and the Newnan-Coweta Habitat for Humanity to purchase and rehabilitate housing, which is then sold to eligible

recipients via a low or no interest loan. Mortgage payment principal is then put back into the fund in the form of program income, which is also used to purchase and rehabilitate housing.

NSP3 Grant Fund

The NSP3 Grant Fund was created in the FY 2012 budget to account for funds received from the Georgia Department of Community Affairs Neighborhood Stabilization Program. The grant funds are passed through to the Newnan Housing Authority to purchase and rehabilitate housing, which is then sold to eligible recipients via a low or no interest loan. Mortgage payment principal is then put back into the fund in the form of program income, which is also used to purchase and rehabilitate housing for low-income households.

Miscellaneous Grants Fund

The Miscellaneous Grants Fund is utilized for grants received by the City of Newnan from local vendors, the Department of Community Affairs, and other agencies. This fund does not include major grants. The monies are utilized for minor equipment and other operating needs of the departments receiving the funds. Most of the designation funds have a designated use. Any projected fund balance is automatically carried over to the next year for budgeting purposes.

Hotel/Motel Tourism Fund

The Hotel/Motel Tourism Fund was created in the FY 1999 budget for the purpose of promoting tourism in the City of Newnan. Revenues for this fund are raised from a hotel/motel tax that is placed on hotels/motels conducting business within city limits. State statute prohibits use of proceeds for anything except for the promotion of tourism and tourism activities.

Motor Vehicle Rental Excise Tax Fund

The Motor Vehicle Rental Excise Tax Fund was created in the FY 2012 budget for the purpose of promoting tourism in the City of Newnan. Revenues for this fund are raised from an excise tax on motor vehicle rentals collected by businesses operating within the City limits. State statute prohibits use of proceeds for anything except for the promotion of tourism and tourism activities. These funds are specifically allocated to the new Convention Center built in Newnan.

C. Capital Project Funds (Major Funds)

Capital Project Funds are used to budget and account for the acquisition or construction of all capital equipment or facilities, costing \$5,000 or more and having an economic useful life of one year or more (other than those financed by Proprietary Funds, Special Assessment Funds, and Trust Funds). The City uses four capital project funds for FY 2019: SPLOST 2007, SPLOST 2013, SPLOST 2019 and the Impact Fees Fund.

SPLOST 2007

In 2006, the citizens of Newnan reapproved a 1% Special Purpose Local Options Sales Tax (SPLOST) for the purpose of funding capital projects. Approved projects included building construction and maintenance, streets, parks, recreation center and other projects enumerated under that fund. This SPLOST was for a period of six years and expired in 2012. The City received 25% of the one-cent tax after the deduction of funds for renovation of the County

Courthouse. Newnan Water and Light received 16% of the 25% the city received during the six year program.

SPLOST 2013

In 2012, the citizens of Newnan re-approved a 1% Special Purpose Local Options Sales Tax (SPLOST) for the purpose of funding capital projects. Approved projects include a new Public Safety Complex, a new Fire Station (#4), a Rescue Unit and Fire Engine, Wadsworth Building upgrades, recreation improvements, downtown trolley, various street, intersection, sidewalk and parking improvements, as well as communications, network and software upgrades and equipment for Public Works and the Street departments. This SPLOST was for a period of six years and expired in 2018. The City received 25.95% of the one-cent tax. Newnan Water and Light received 16% of the 25.95% the City received during the six-year program.

SPLOST 2019

In 2018, the citizens of Newnan re-approved a 1% Special Purpose Local Options Sales Tax (SPLOST) for the purpose of funding capital projects. Approved projects include a new fire trucks, a public safety training facility, recreation improvements that includes linear parks (LINC) and paths, Lower Fayetteville Road improvements, various street, intersection, sidewalk and parking improvements, as well as communications, network and software upgrades and equipment for Public Works and the Street departments. This SPLOST is for a period of six years. The City receives 26.94% of the one-cent tax. Newnan Water and Light will receive 10% of the 26.94% the City receives during the six-year program.

Impact Fees

The City Council started levying impact fees in the fall of 2004 and funds received through this means are earmarked for capital improvements in Transportation, Fire Services, Police Services and Recreation/Beautification. Since its inception, funds have been used to construct a new park, build a fire/police precinct, fund road improvements in several areas and purchase a new fire truck.

D. Enterprise Fund

An Enterprise Fund permits an organization to budget and account for a specific activity “like a business” and therefore represents the economic results of said activities. The City established the Sanitation Fund in FY 2001 as an Enterprise Fund. The Sanitation fund, the only non-governmental fund type, is a proprietary fund, which is structured more like a business than a governmental fund.

Sanitation Fund

The Sanitation Fund will track all revenues, transfers and expenditures associated with the collection of brush, bulk (appliances, furniture, etc.) and commercial garbage efforts in the City of Newnan. Revenues include user fees and interest. The remaining sanitation services, solid waste collection, and disposal and recycling will be provided by Waste Industries, who has contracted with the City to provide those services. Sanitation services were privatized in 2004. The City resumed this portion of the services in 2014. In FY 2018 the City began a new operation within the Sanitation Fund for the collection of garbage in the downtown commercial district in order to maintain a more sanitary and cleaner downtown.

Financial Policies

SECTION III. Financial Policies

The City of Newnan has a great responsibility to its citizens to provide quality services with adequate funding, manage growth, and account for public funds. The purpose of this section is to present the policies that the City follows in managing its financial and budgetary affairs. These policies represent long-standing principles, traditions, and practices that have guided the City in maintaining financial stability over the years.

A. Fiscal Policies

The following long term financial policies and goals are employed by the City of Newnan:

The City shall strive to maintain a broad and diversified revenue base that will equitably distribute the burden of supporting City services and will protect the City from short-term fluctuations in any one revenue source.

- The City will actively support economic and industrial development, recruitment and retention efforts to expand the revenue base.
- The City will maintain timely collection systems and implement necessary enforcement strategies to collect revenues.
- The City will project revenues on a conservative basis so that actual revenues will consistently meet or exceed budgeted revenues.
- Basic and essential services provided by the City will receive priority funding.
- The City will provide access to medical, dental and life insurance for its employees. The cost for these benefits will be shared between the City and its employees.
- The City will provide access to appropriate retirement plans for its employees. The City will make contributions for eligible employees at the percentage defined.
- The City will operate annually utilizing a balanced budget. The City defines a balanced budget as one where total appropriations from each fund do not exceed estimated fund balances, reserves and projected revenues for each of the City's respective funds.

B. Fund Accounting

In governmental accounting all financial transactions are organized within “funds”. The City abides by Generally Accepted Accounting Principles (GAAP) governing the use of funds. First, a fund contains a group of accounts segregated for certain purposes. Second, the financial transactions related to these purposes will be recorded in the accounts of the fund. And third, these accounts must be self-balancing and must include information about all the financial resources (assets), liabilities, and equities for those purposes.

C. Basis of Accounting

The basis of accounting determines when financial transactions are recorded in the accounts of the various funds used by the City. The basis of accounting is the same for the annual audit and the annual budget of the City of Newnan except for:

Governmental Fund types: The modified accrual basis is followed. Such funds include the General Fund, Special Revenue Funds, and Capital Improvements Funds. The modified basis of accounting recognizes revenues in the accounting period in which they become available and measurable as current assets. Sales taxes, licenses and permits, fines and forfeitures and miscellaneous revenues are recorded as revenues when received because they are not generally measurable until actually received. Expenditures are generally recognized when the obligation is incurred, with the exception of principal and interest on general long-term debt which is recognized when due.

Proprietary Fund type: The full accrual basis is followed. Such fund types include three sub-types: Enterprise Funds, Fiduciary Funds and Internal Services Funds. The full accrual basis of accounting recognizes transactions and events *when they occur*, regardless of the time of related cash flow. Exceptions include loans, loan payments, capital expenses and depreciation, which are budgeted on a cash basis.

D. Budget Adjustments/Amendments

From time to time it becomes necessary to modify the adopted budget. The procedure for amending the budget depends upon the type of change that is needed. One type of change (budget adjustment) does not affect the “bottom line” total for a department or fund. These adjustments may be authorized by the City Council at the written request of the City Manager. Circumstances requiring an amendment include but are not limited to:

- Approval of new expenditures from the miscellaneous spending account or unallocated surplus; or
- Substitution of budgeted items; or
- Transfer from one line item to another within a department.

The second type of change is a budget amendment that alters the total appropriation for a department or fund. The Charter of the City, Article VI, Section 6.18, entitled “Changes in Appropriations,” permits the City Council, by ordinance, to make changes in the appropriations contained in the current operating budget. Circumstances requiring an amendment include but are not limited to:

- The appropriation of additional funding if expenditures are projected to exceed budgeted amounts; or
- The re-appropriation of monies from one department to another when deemed necessary.

Seldom, however, are budget amendments recommended by the City Manager. It is a standing policy that departments discipline themselves to initial appropriations made in the original budget ordinance passed at the beginning of the fiscal year.

E. Purchasing Policy

Procurements of goods and services by the City are made in accordance with the purchasing policy of the City of Newnan found in the City's Code of Ordinances, Part II, Chapter 2, Article VI, Sections 2-251 through 2-350. The City's Purchasing Ordinance was updated during 2012 to reflect more current operating efficiencies and standards. Basically, the ordinance allows department heads to spend up to \$500 in budgeted funds without prior approval of the City Manager. Purchases exceeding \$500 require a purchase order and encumbrance of funds.

Purchases costing between \$501 and \$5,000 require three (3) quotes and the City Manager's approval. For those expenditures between \$5,001 and \$25,000, three (3) written bids are required, as well as the City Manager's approval. Most purchases over \$25,000 requires approval by City Council other than vehicles and equipment purchase between \$25,000 and \$65,000. These require three (3) quotes with a minimum of two (2) and must be approved by City Manager. The updated ordinance also addresses E-Verify requirements, performance, bid and payment bonds, ethical standards, RFP's and RFQ's, contracts, change orders, intergovernmental contracts and cooperative purchasing agreements and other related information.

The City implemented a new software system, Logos.NET, in 2004, thereby decentralizing the purchasing function. Each department enters requisitions for goods and services, as needed and per budget. The requisition is approved or denied by three (3) additional reviewers before a purchase order is processed. This automated system also allows for denial or return of the requisition to the requesting department if funds are not available, bids are not acceptable or supplied, or additional information is needed. The City Manager approves all purchase orders prior to the purchase. The Finance Department is responsible for all purchase order and accounts payable processing. The intent of the City's purchasing policy is to provide for the fair and equitable treatment of all persons involved in public purchasing by the City, to maximize the purchasing value of public funds in procurement, and to provide safeguards for maintaining a procurement system of quality and integrity.

F. Budgeting and Budgetary Accounting

Annual budgets are adopted for the General Fund, Street Improvement Fund, LMIG Fund, Special Local Option Sales Tax (SPLOST) Funds, Tourism Enhancement Fund and several other minor funds, such as Miscellaneous Grants and Confiscated Assets. These budgets are adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP) plus encumbrances. Also these budgets are adopted as *balanced budgets; meaning projected revenues and fund balance equal to or greater than appropriations for a particular fund or entity.*

Both the General Fund and Tourism Enhancement Fund budgets are prepared based on the modified accrual basis of accounting. Under this basis revenues are recognized when they become measurable

and available to finance expenditures of the current period. Expenditures are recognized when the related fund liability is incurred with the exception of several items.

All appropriated budgets are prepared by fund, function and department. Transfers of appropriations between departments require the approval of the City Council. The legal level of budgetary control is the department level; department managers have the authority to purchase budgeted items up to a \$500 maximum without prior approval of the City Manager. The City Manager is authorized to approve budget transfers among line items within a specific department. Such transfers, however, are infrequent as department directors are encouraged to stay within the approved line item budgeted levels.

G. Reporting Policy/Audit

Each fiscal year, an independent firm is contracted to perform an audit of the City's general purpose financial statements. The City's fiscal year runs from January 1 to December 31. Audits are performed in accordance with Generally Accepted Auditing Standards (GAAS) and the standards applicable to financial audits contained in *Governmental Auditing Standards* issued by the Comptroller General of the United States. The annual audit report (or CAFR) is public record and, therefore, available to the public for review. Reports are available for the past several years on our website at www.cityofnewnan.org

The City produces monthly financial statements reporting the activity for the previous month and activity for all funds maintained by the City. These reports provide actual versus budgeted revenue and expense activity on a year-to-date basis, by fund and department. Additionally, these reports provide prior year-to-date information for comparison and reference

The City prepares an annual budget document providing basic understanding of the City's planned financial operations for the coming fiscal year. Copies of the proposed and final budget are made available to all interested parties for citizen review and input prior to final Council adoption of the budget. Budget documents are also available for review on the City's website at www.cityofnewnan.org.

The City will continue to submit copies of the approved budget to the Government Finance Officer Association (GFOA) Distinguished Budget Presentation program. Newnan has received the "Distinguished Budget Presentation Award" for the past twenty-nine years.

H. Contract Policy

The Mayor or any other person designated by the City Council may sign, on behalf of the City, any contract authorized by the City Council. No contract may be entered into without the authority of the City Council.

I. Invoice Policy

All bills payable by the City, other than for the payment of salaries established by the City Council or recurring monthly expenditures for operations and bond payments, shall be submitted to the City Manager for approval before they are paid. Checks are mailed to vendors each Friday according to vendor terms.

J. Capital Improvement Policy

A capital outlay is defined as an item or project that costs \$5,000 or more and has an “economic useful life” of one (1) year or more. All capital assets are tagged upon receipt with a City of Newnan Inventory tag and maintained in the City’s Capital Asset system for accountability and protection of the capital investment.

The City will prepare annually and update a five-year Capital Improvements Program (CIP), which will provide for the orderly maintenance, replacement and expansion of capital needs. The CIP will identify long-range capital projects and capital improvements of all types that will be coordinated with the annual operating budget to maintain full utilization of available resources. Additionally, the City will seek federal, state and other funding to assist in financing capital projects and capital improvements.

SECTION IV. Fund Balance Policies

Background: The City of Newnan maintains its financial operations in a manner consistent with sound financial management principles, which require that sufficient funds be retained by the City to provide a stable financial base at all times. An adequate fund balance level is an essential element in both short-term and long-term financial planning. It serves to mitigate current and future risks, sustain operations during economic downturns, provides cash flow liquidity for the City’s general operations, and enhances creditworthiness. Maintenance of sufficient levels of fund balance enables the City to stabilize funding for operations, stabilize taxes and fees, and realize cost savings if issuing debt. While adequate levels of fund balance are important, the City strives to maintain an appropriate amount that is neither too high nor low.

Purpose: The purpose of this policy is to specify the size and composition of the City’s desired fund balance and to identify certain requirements for classifying fund balance in accordance with Governmental Accounting Standards Board Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. Fund balance is a surplus of funds accrued from unexpended operating budgets and unanticipated revenues.

A. Policy

1. Classifications

The fund balances of a local government's governmental funds shall be reported in the new classifications based on the definitions in the following table.

Classification	Definition	Examples
Non-spendable	Amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.	Inventories Prepaid Items Long-term Receivables
Restricted	Fund Balance should be reported as restricted when constraints placed on the use of resources are: (a) Externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) Imposed by law through constitutional provisions or enabling legislation.	Restricted by State Statute Debt, Covenants Revenues restricted by enabling legislation Grants earned or not spent
Committed	Used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority.	Amounts City Council sets aside by resolution
Assigned	Amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed.	City Council delegates authority to the City Manager
Unassigned	Unassigned fund balance is the residual classification for the General Fund. This is fund balance that has not been reported in any other classification. The General Fund is the only fund that can report a positive unassigned fund balance. Other government funds would report deficit fund balance as unassigned.	

Committing Fund Balance: In order to commit fund balance, the City Council as the highest level of decision-making authority, must incorporate in a resolution the commitment of funds for specific purposes. These funds must be fully expended for their committed purpose or a separate action by Council for the funds to become uncommitted. The action taken to commit the funds must be taken prior to the end of the fiscal year, but the specific amount may be determined in the subsequent period.

Assigning fund balance: In order to assign fund balance, City Council designates the City Manager as the authority to assign fund balance. Unlike committed fund balance, the action taken to assign fund balance may be made after year end.

Classifying fund balance amounts: Fund balance classifications depict the nature of the net resources that are reported in a governmental fund. An individual governmental fund may include non-spendable resources and amounts that are restricted, committed, or assigned, or any combination of those classifications. The General Fund may also include an unassigned amount.

Encumbrance reporting: Encumbering amounts for specific purposes for which resources have already been restricted, committed or assigned should not result in a separate display of encumbered amounts. Encumbered amounts for specific purposes for which amounts have not been previously restricted,

committed or assigned, will be classified as committed or assigned, as appropriate, based on the definitions and criteria set forth in GASB Statement No. 54.

2. Minimum Level of Fund Balance

The City will establish and maintain a minimum unassigned fund balance in the General Fund equal to 50% of the current annual operating expenditure budget. For purposes of this calculation, the budget will be originally adopted in January each year. Fund balance may be higher than this minimum to save for large planned expenditures (i.e. capital projects) restructuring, emergencies, liquidity, cash flow issues related to revenue receipt timing, credit rating agency concerns, and to address volatility in economic conditions. This minimum balance will allow the City to maintain a prudent level of financial resources to protect against reducing service levels or raising taxes and fees due to temporary revenue shortfalls or unpredicted one-time expenditures.

3. Replenishment of the General Fund Minimum Requirements

Should the minimum balance (assigned and unassigned fund balances as a percentage of total budgeted expenditures) fall below the 50% requirement for the General Fund, the City Council shall approve and adopt a plan to restore this balance to the target level within a specific period of time.

4. Order of Resource Use

In general, restricted funds are used first when expenditure is incurred for which both restricted and unrestricted fund balance is available. In addition, for unrestricted fund balance, the order of use of fund balance shall generally be: 1) committed, 2) assigned and 3) unassigned.

Budget Process

SECTION V. Budget Process

It is the responsibility of each department to control expenditures and expend funds only for items that are budgeted. The budget ordinance stipulates that expenditures shall not exceed the appropriation authorized by the budget. No increase in the overall budget for any one department shall be made without the approval of the City Council. Refer to “Budget Amendments” for additional details.

A. Basis of Budgeting

All of the funds are budgeted using the modified accrual basis of accounting other than the Sanitation fund which uses the full accrual basis of accounting. Modified accrual accounting recognizes revenues when they become measurable and available. Measurable means that the dollar value of the revenue is known. Available means that it is collectible within the current period, or soon enough after the end of the current period to pay liabilities of the current period. Expenditures are recorded when a liability is incurred. However, expenditures related to compensated absences are recorded only when payment is due.

B. Expenditure Control

An operational control of departmental budgets is maintained by a preliminary check of funds availability on a line-item basis. The City of Newnan purchasing system assures budget availability prior to the issuance of purchase orders. Each department has system access to real-time information as related to budgets, expenditures, encumbrances and available balances. Encumbrances are established when purchase orders are issued. In the event of insufficient funds within an account, requisitions are either denied or returned with a request for additional information. Budgetary control is established at the department level, not by individual line item within the department.

C. Budget Preparation Process

The City Manager’s Office oversees the budget preparation process. The budget is composed of three levels: (1) Departmental Requests, (2) City Manager’s Proposal, and (3) the Council Approved Budget. The City Manager is responsible for formulating finance and policy priorities. Specific steps in the budget preparation process include the following:

Budget Preparation Package: In early August budget preparation packages are distributed to all department heads.

City Manager Overview: Later in August, after budget preparation packages are distributed, department heads meet with the City Manager for directions in preparation of the budget and identify funding priorities for the forthcoming fiscal year. This budget kick-off meeting is held to inform staff of any changes as related to forms, budget requests, goals, and submission of documents.

Goals, Objectives and Tasks: During the last week of August, department heads submit their budget requests to the City Manager. Goals, objectives and tasks are submitted to the City Manager for approval prior to inclusion in the budget document. Budget components include: goals, objectives, tasks, performance measures, capital budgets, and operating budgets.

Analysis of Departmental Budgets: In mid-September, department heads meet with the City Manager to review their submitted budget requests. During October and November, the City Manager's Office compiles the proposed budget for submittal to City Council.

City Manager's Proposed Budget Formally Submitted to City Council for Review: City Ordinance (Article V., Section 2-226, (b)) stipulates that the proposed budget document must be submitted by the City Manager to the City Council each year forty (40) days prior to the beginning of the next fiscal year. The proposed budget is made available to the public for review during this period.

Consideration of Budget: From the end of November through mid-December special budget meetings (i.e. work sessions) are scheduled with the City Council. These budget meetings afford the Council an opportunity to ask questions, and make revisions to the proposed budget document.

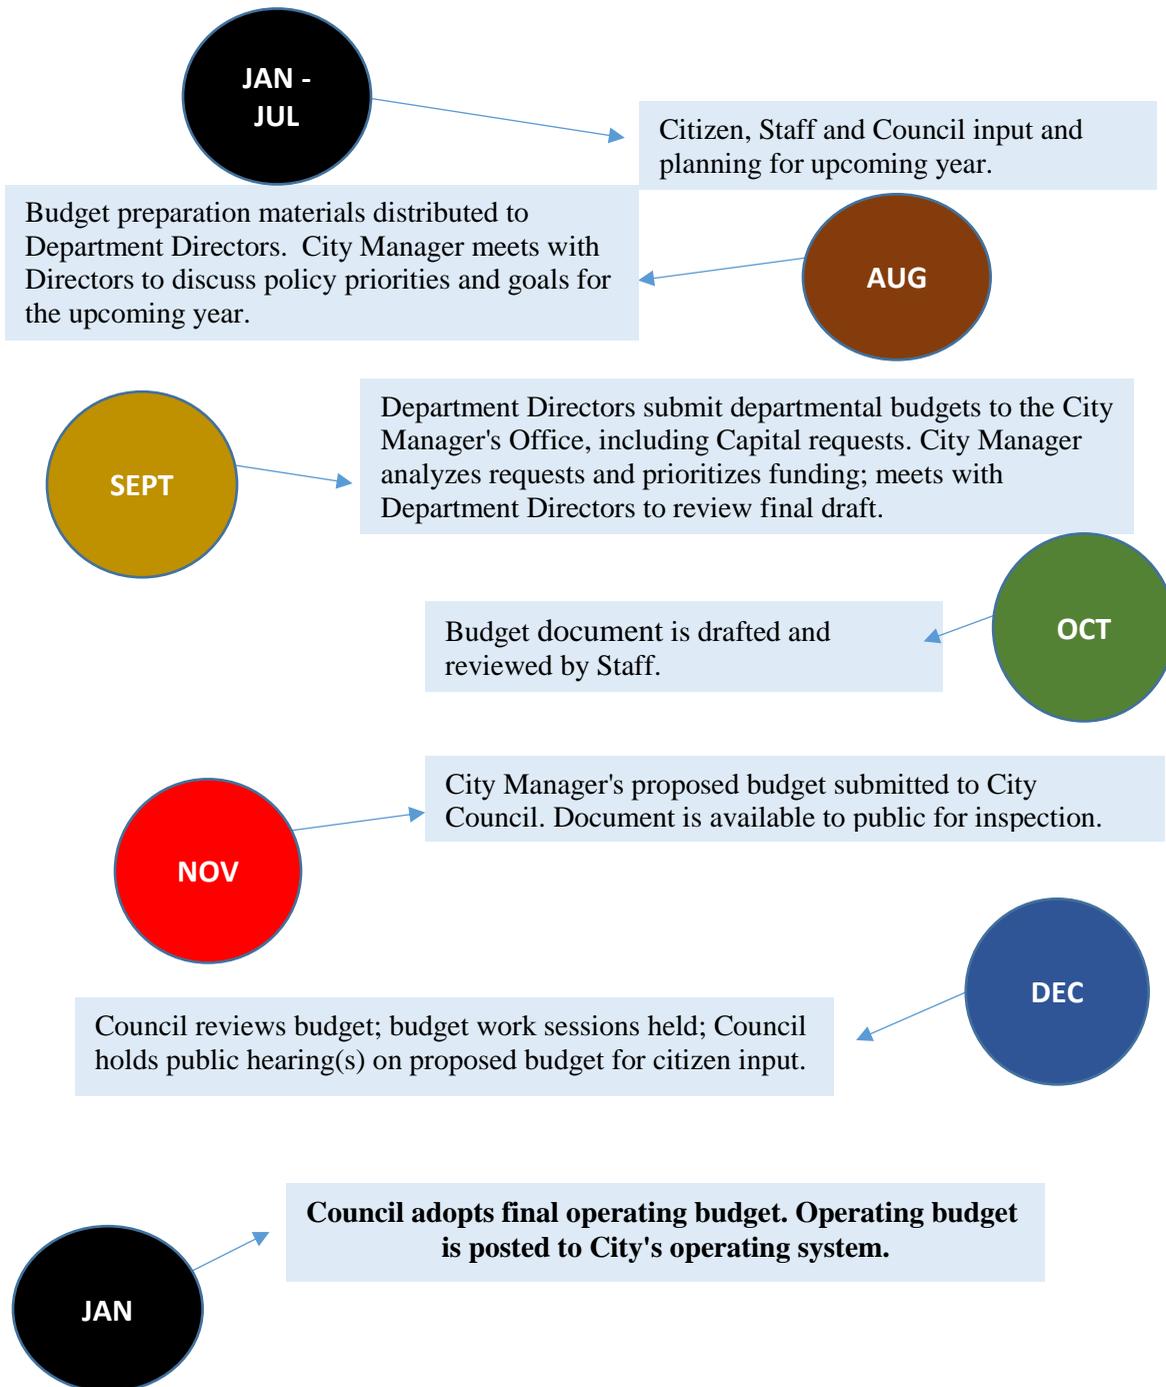

Public Hearing: A public hearing is held, typically in the second half of December, after the work sessions with City Council are complete. The public hearing permits direct input from citizens. The budget workshop(s) is (are) held prior to the public hearing and typically in the first half of December.

Budget Adoption: At the first regularly scheduled Council meeting in January, the City Council enacts an appropriation ordinance for the ensuing fiscal year. The ordinance details all anticipated revenues to be received during the fiscal year, all anticipated expenditures for the fiscal year and all payments to be applied toward the City's bonded indebtedness.

D. Fiscal Year

The fiscal year for the City of Newnan begins on January 1st of each year and ends on December 31st of the same year. One the following page is visually details the steps in the City's budget preparation process.

Budget Calendar

Long-Term Financial Planning

SECTION VI. Long-Term Financial Planning

A. Strategic Long-Term Planning

The City of Newnan has initiated processes to provide for the future and plan for services, programs and facilities to meet the needs of the citizens, visitors and businesses in the community. The most current budget process addresses both revenues and expenditures for operating programs for the current year. The five-year capital plan is developed to address future needs and project financial trends in order to plan for long-term needs of the City including personnel, equipment, facilities, operations and maintenance. This program establishes a continuing five-year look at facility and equipment needs.

The City also maintains a twenty year Comprehensive Plan which provides a review of the issues and opportunities that will affect the future of the City, delineates and discusses character areas and areas of special concern, and provides a detailed analysis of existing conditions as well as future projections. The Comprehensive Plan can be viewed on the City of Newnan's website at www.cityofnewnan.org.

Financial analysis and planning is essentially a process to assess the future and determine what needs of the City will be in future years. The Mayor and City Council have recognized the needs for this type of planning effort, which will in turn provide the roadmap for future budgeting and capital planning efforts. Such a plan provides guidance to the legislative and administrative arms of city government, but also provides a guidelines for residents and businesses of the community to act upon in the development of private programs and services. Additionally, the City has adopted a comprehensive Disaster Preparedness Plan which will be implemented in the event of a catastrophic event which may occur in Newnan and Coweta County. All departments have been trained in this area.

The City of Newnan maintains a diversified and stable revenue system to shelter it from unforeseeable short-run fluctuations in any one revenue source. The City estimates annual revenues by analytical processes and takes a conservative approach when projecting existing and potential revenue sources.

The projected General Fund revenue is an increase of 3% each year. This has been the trend in previous years therefore it is projected to continue at this rate. As mentioned the City has diversified revenue sources and operates on a lean budget while still maintaining excellent customer service. This approach has allowed the City to maintain a strong financial position. The negative numbers at the bottom of the chart on the following page depicts the reduction in capital expenditures which would in turn potentially decrease City services or Programs.

1. Mobilization Phase & Analysis Phase

Annually the City organizes a City Council Retreat. An agenda of current issues and possible future concerns is generally put together by the City Manager. However, Council also brings issues to the table facing the local government. Long-Term visions are discussed and well as citizens concerns and service needs. The Department Heads input is also valuable at these sessions as they deal with the day-to-day issues.

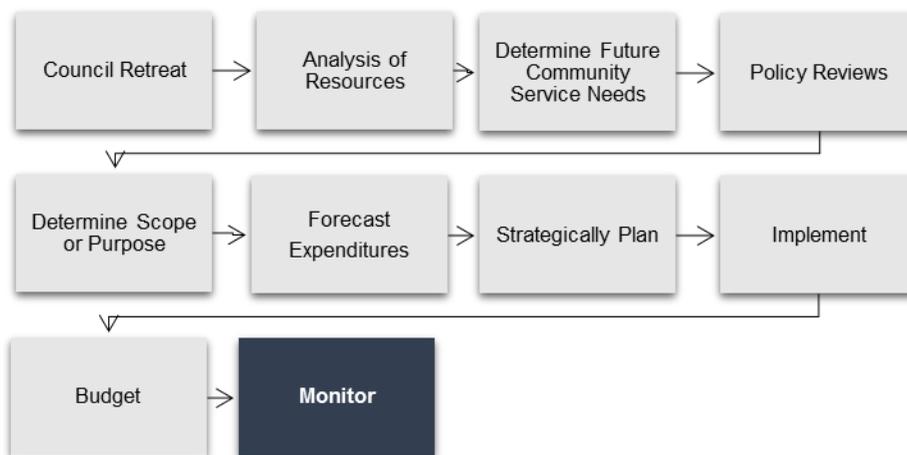

The Management Team has ample time before the retreat to put together data on financial trends, crime statistics, environmental factors, and if any, policy weaknesses. The team breaks up by Function and each Council Member gets the opportunity to sit down with the Department Heads of each function for a detailed overview of the financial condition, possible annexations (stimulating growth), environmental concerns, infrastructure needs or concerns as well as issues in the area of Public Safety. At the end of the session a recap is presented by each Function of the most highlighted concerns facing the City. Everyone leaves the session with direction or a plan to implement.

2. Decision Phase

After the retreats have been completed, usually in the spring; Administration and Staff have direction from Council, and the planning process begins. Depending on what the projects/tasks are; whether there is a need for an ordinance change, policy change, construction project or enhanced Public Safety; staff goes to work. Details are presented at public hearings through scheduled meetings (agendas always available for stakeholders). This is when decisions are made and the plan is officially adopted to move forward.

3. Execution Phase

This phase can be implemented in many ways, depending on the project or task to be achieved. For example: during the Mobilization & Analysis Phase of an upcoming SPLOST referendum, the same concerns are addressed but with a specific funding source on the table. A budget is derived from the anticipated revenues based on future needs of the City which are determined in the first phase. These projects are planned over a six year period as anticipated funds are available. Technically at that time these projects/tasks are approved to initiate but are not yet officially approved. This is done in the decision phase. Every project/task has an educated budget estimate that is not lightly assigned, but assigned through thorough discussions, analysis of the local economy and projected future revenues. The flow chart below articulates how the City implements Long-Term Financial Planning.

Budget Overview

FY 2019 Budget – All Funds

SECTION I. FY 2019 All Funds Budget Highlights

As mandated by the City Charter (§6.15), the FY 2019 Annual Budget represents a balanced budget. Management staff has developed budget proposals which meet current operating needs at an established level and in some cases, add certain new costs to the General Fund. Each department in the General Fund Department Summaries section of this budget document has included priorities: goals, objectives and performance measures, as related to the overall mission and goals of the organization. The charts below depicts all funds revenues and expenditures in the FY 2019 Budget.

The FY 2019 Proposed Annual Budget allows the City to continue to provide quality services and capital improvements to enhance the quality of life for its citizenry. All services provided by the City in FY 2018 are incorporated into the FY 2019 Budget. However, with the allocation of funds for new positions, seasonal workers, and operational upgrades, it is believed that the FY 2019 Budget represents an *increase* to our already excellent service levels.

*The LMIG Fund revenues and expenditures will be accounted for in the Street Fund for FY 2019 and subsequent years.

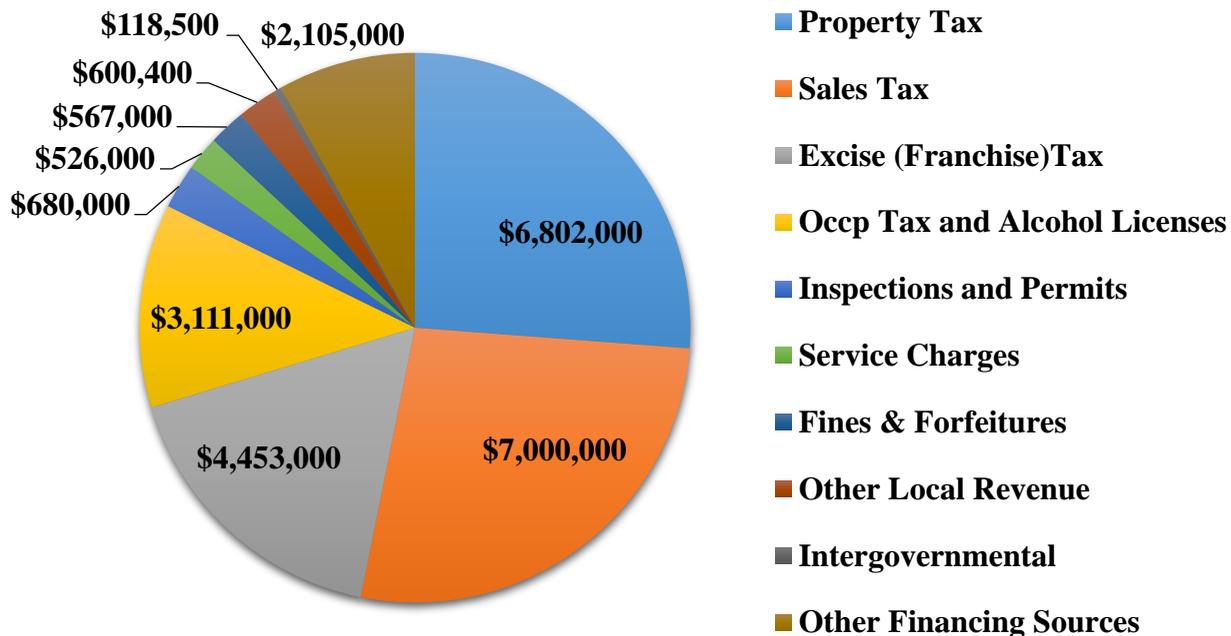

FY 2019 Budgeted Revenues

SECTION II. FY 2019 REVENUES

A. General Fund Revenues

The four (4) largest revenue categories in the General Fund for the FY 2019 Budget are Property Taxes (all property tax categories) estimated at \$6,802,000; Sales Tax at \$7,000,000; Excise Tax at \$4,448,000 and Occupational Tax & Licensing at \$3,111,000. Other Financing Sources is the next highest at \$2,105,000. This includes \$1,650,000 in revenue from the City of Newnan's Component Unit, Water & Light Commission; \$420,000 transfer from the Tourism Fund; and a transfer from Newnan Utilities for Business Development activities.

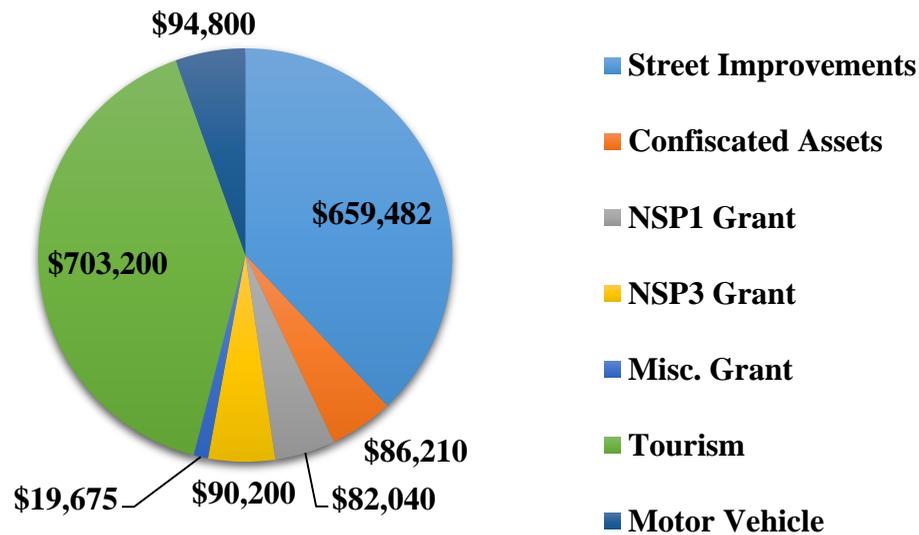

GENERAL FUND REVENUES

B. Special Revenue Funds

The FY 2019 Special Revenue Funds includes seven (7) funds. The Street Fund revenue consists of topping fees collected from developers in the amount of \$35,000 and Local Maintenance Improvement Grant monies from GDOT in the amount of \$396,982. Confiscated Assets Fund includes Other Police Seizures, Dept. of Justice Condemnation, Dept. of Treasury Condemnations and minimal interest. NSP1 and NSP3 are difficult funds to budget. It's impossible to know just how much grant money we will receive in any given year. However, this year we are estimating a total of \$172,040. The Tourism Fund is expected to garner \$703,200 in revenue to be split 60/40 with the City receiving the 60% at \$420,000. The other 40% or \$280,000 will be transferred to the Newnan Centre.

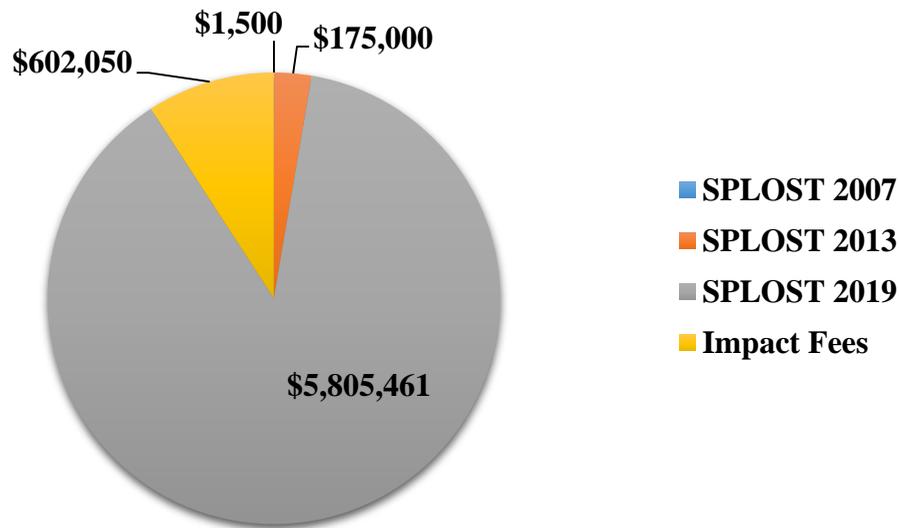

SPECIAL REVENUE FUNDS REVENUES

C. Capital Projects Funds

SPLOST 2007 collections expired at the end of FY 2012. The only revenue budgeted in the fund is interest in the amount of \$1,500. SPLOST 2013 has also expired at the end of 2018 and interest is budgeted at \$5,000 along with \$85,000 in reimbursements and \$85,000 in Grant Funds. The colors in the chart below for SPLOST 2007 is not visible due to the small amount of interest earnings. SPLOST 2019 was approved by voters and revenue for FY 2019 is budgeted at \$5,805,461. This amount includes \$3,500 estimated in interest. Impact Fees revenue is budgeted at \$602,050.

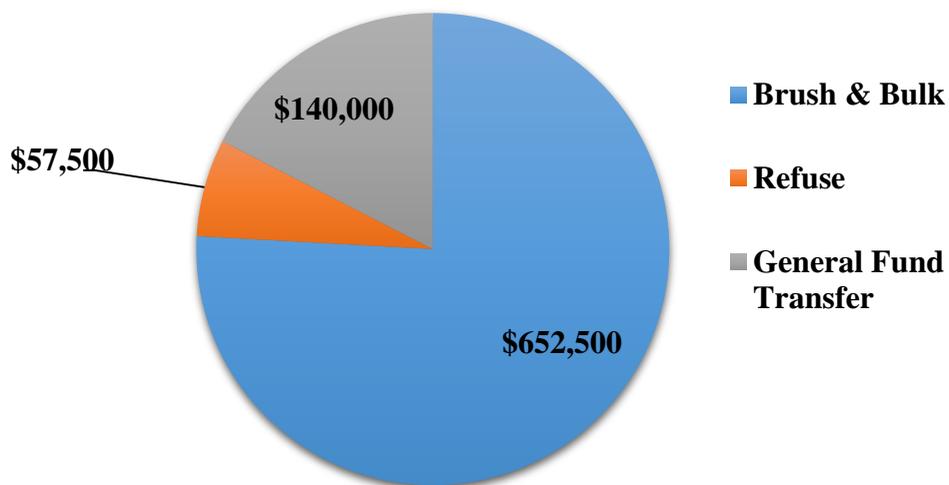

CAPITAL PROJECTS FUNDS REVENUES

D. Enterprise Fund Revenues

For FY 2019 the Enterprise Fund consist of three (3) difference revenue sources. The first revenue source are fees from brush and bulk collections in the amount of \$652,500. Of this amount, \$2,500 is interest earnings. The second revenue source is from collection fees for downtown commercial garbage in the amount of \$57,500. Of this amount, \$2,500 is interest earnings. And lastly, there is a \$140,000 transfer from the General Fund to subsidize this division.

SECTION III. FY 2019 EXPENDITURES

A. General Fund Expenditures Overview

The City is organized into five functions: General Government, Public Safety, Public Works, Community Development, and Other Services. The chart below shows an overview of General Fund expenditures and transfers. Public Safety is always the most important service any Government can provide its citizens. Therefore, it only makes sense that Public Safety is where the majority of tax payer dollars goes. In FY 2019 Public Safety expenditures are 57% of the total budget. General Government is second at 15%. General Government Function is responsible for implementing the services. Public Works is third at 14%. More detailed expenditures for each Department are shown in the Departmental Summaries section of this document.

Revenue Trends

SECTION I. Revenue Trends, Revenues and Expenditures

A. General Fund Revenues Trends

Financial Trends offer a practical approach for monitoring the economic health of the City. This trend summary of General Fund Revenues provides a global view of the past and present financial resource of the City.

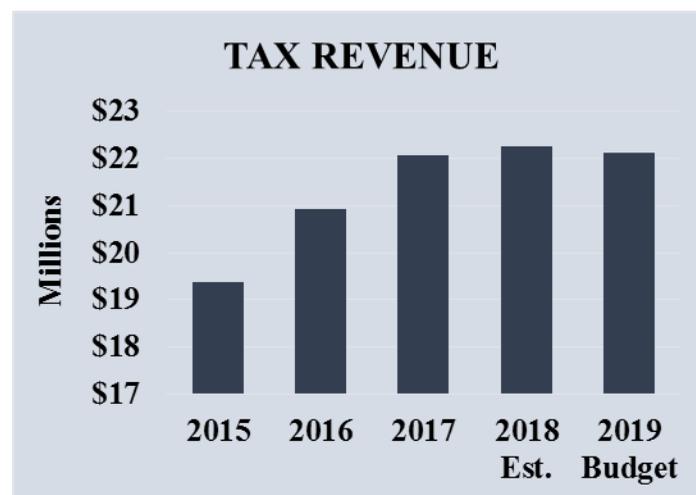

Overall, FY 2019 total budgeted revenues are projected to increase by 7% over the \$24,251,100 budgeted in FY 2018 which equals \$1,711,800. General Fund resources available to the City of Newnan in 2019 include “revenues” of \$23,867,900 and an “operating transfer in” from Newnan Water & Light of \$1,650,000, an “operating transfer in” from the Hotel/Motel Tourism Fund of \$420,000 and also an operating transfer in from Newnan Utilities for Business Development Activities of \$25,000.

The largest sources of General Fund resources are: Local Option Sales Tax - \$7,000,000, Property Taxes - \$6,802,000 and Excise (Franchise) Taxes - \$4,453,000. Occupational Taxes and Alcohol Licenses make up the fourth largest source at \$3,111,000 totaling \$21,366,000 or 82% of total General Fund Revenues. Other Financing Sources is the fifth largest source of revenue at \$2,105,000 (including \$1,650,000 from Newnan Water & Light and \$420,000 from Hotel/Motel Tax). Fines and forfeitures, intergovernmental revenues, inspections and permits, other local revenue and other financing revenues round out the diverse financial resource streams within the General Fund.

1. Tax Revenues

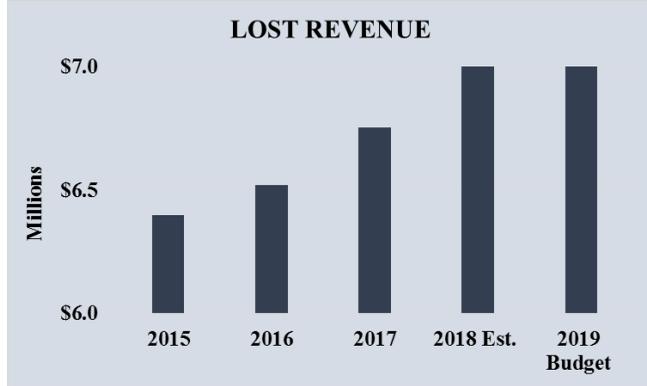

The chart below shows the history of the City's actual tax revenues from 2010 to 2017, as well as the projected for 2018 and 2019 Budget. Overall there has been an increase of 58.2%. Newnan's population was 16,242 in 2000; by 2010, the population had grown to 33,039 people, a trend which is predicted to continue. This has been a tremendous factor in the significant change in tax revenues over the last ten years. A discussion of the individual revenue streams follow.

2. Local Option Sales Tax

The City relies heavily on the Local Option Sales Tax (LOST) as is evidenced by the anticipated receipt of some \$7,000,000 estimated from this source in 2019, which is an increase of \$400,000 over the amount budgeted for 2018. In 2019, this source of revenue accounts for 27% of total general fund revenues, making this revenue source the largest for General Fund operations. The chart to the right illustrates the changes in sales tax collections from 2015 to projected FY 2019.

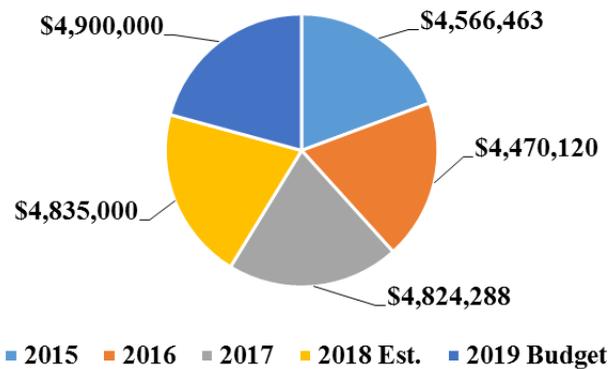

3. Property Taxes

Property tax revenues are comprised of the ad valorem tax on property and its associated penalties for delinquent tax, intangible taxes, motor vehicle tax and public Real property is assessed at 40% of its fair market value. Public utility assessments are finalized by the State of Georgia each year. In the past five years property taxes have increased by 9% even though up until FY 2018 the city of Newnan took the roll back rate. In FY 2018 the City of Newnan increased the millage rate by .13 mills. The charts below illustrates five (5) year history of millage rates and property tax revenue.

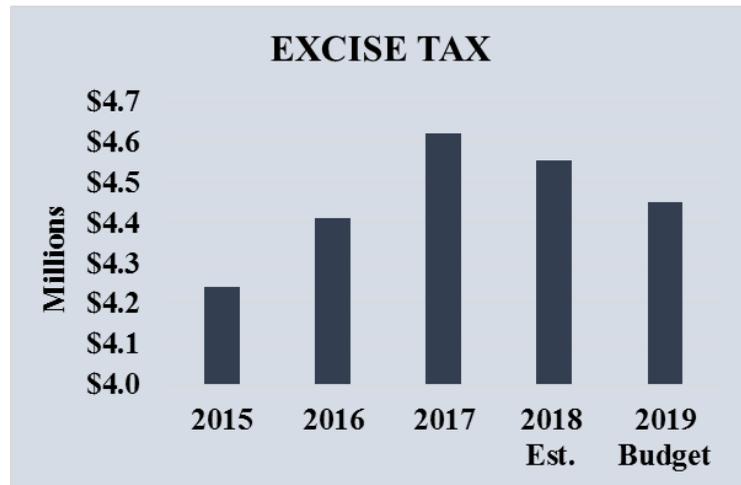

Description	2014 Tax Rate	2015 Tax Rate	2016 Tax Rate	2017 Tax Rate	2018 Tax Rate

4. Excise (Franchise) Taxes

Taxes in the Excise tax category include: Insurance Premiums, Beer and Wine Tax, Alcoholic Beverage Tax and Franchise Taxes (Gas, Cable TV, Telephone and Electricity). Franchise taxes are typically collected by utility companies and remitted to the City. Fees are usually based on gross revenues of the business and are generally paid annually to the City.

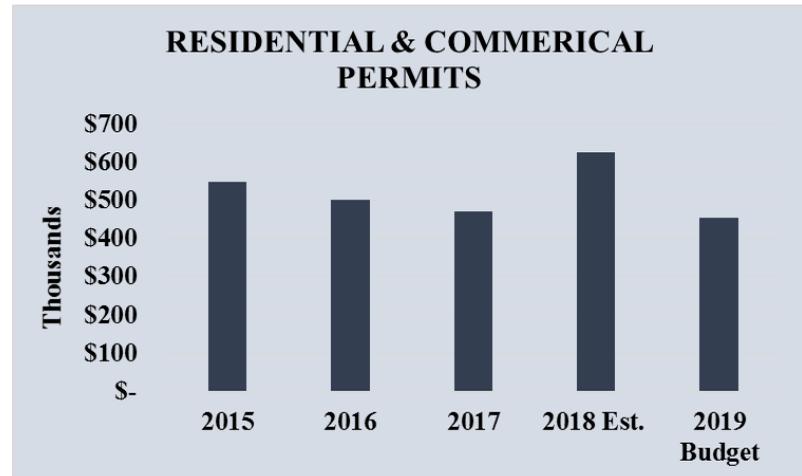

5. Occupational Tax and Alcohol Licenses

In FY 2019, the City expects to collect \$3,111,000 in occupational taxes. The chart to the right shows the past 5 years of Occupational Tax revenue. There has been steady increases in businesses in Newnan; particularly in the Health Industry.

6. Inspections and Permits

We are projecting a leveling off and somewhat decline in inspections and permits in FY 2019. Buildable residential property is becoming scarce in the City of Newnan unless the City receives a major or multiple annexation request.

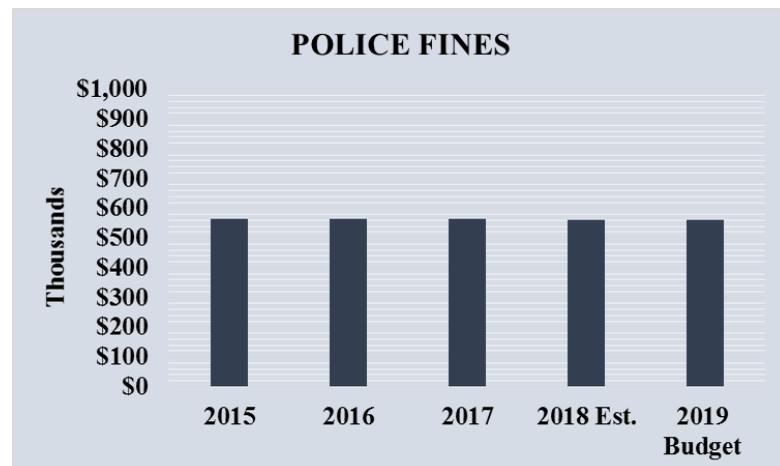

7. Service Charges

This category contains revenues from house demolitions and grass cutting by City forces, along with monies collected from Coweta County for School Resource Officers (SRO) provided to the school system in Newnan, and event activity fees. In 2019, we expect to collect \$526,000 in service charges, mainly attributed to the City receiving funds to hire six (6) new SROs for local elementary schools.

8. Fines and Forfeitures

Fines and forfeitures are projected to produce a total of \$567,000 in FY 2019. This is a 5% decrease from the FY 2018 budget of \$594,500. Revenues are related to fines and forfeitures resulting from tickets and investigations by the City of Newnan Police Department, some in conjunction with Coweta County Sheriff's Department. The chart to the right depicts Police Fines and Parking Tickets combined since 2015.

9. Other Local Revenue

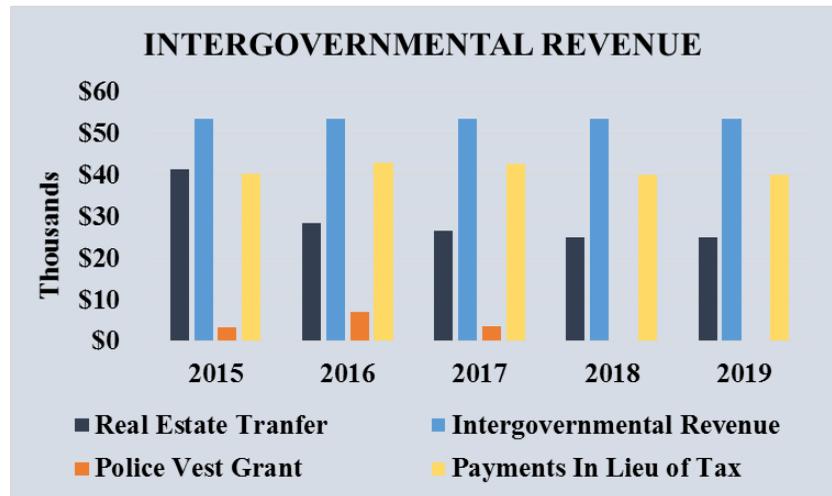

In 2018, this category was budgeted for \$369,600 in revenue. For 2019, there is an increase of \$230,800, totaling \$600,400. In the past ten years there has been a 38% increase in this category. The main increase for 2019 is investment revenue; the City plans to make additional investments in 2019.

Among revenues in this category include:

	2010	2019 Budget	10 YR Change
Cultural Arts Commission	\$23,104	\$20,000	(\$3,104)
Sale of Recyclables	\$1,528	\$1,000	(\$528)

Insurance Recoveries	\$0	\$40,000	\$40,000
	\$298,908	\$600,400	\$376,492

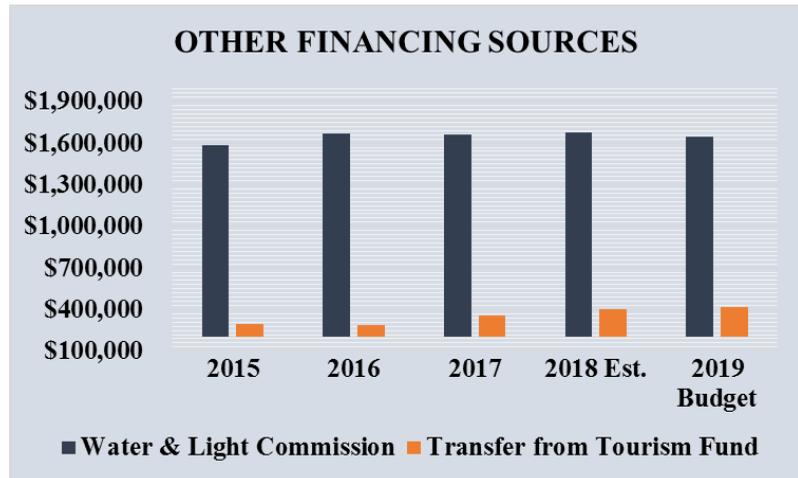

10. Intergovernmental Revenue.

Intergovernmental revenues have totaled less than 1% of total governmental revenues over the past five years. Intergovernmental revenues are mostly made up of revenues from real estate transfers and payments in lieu of tax agreements. In FY 2019, intergovernmental revenue is estimated to increase by \$4,000 from FY 2018.

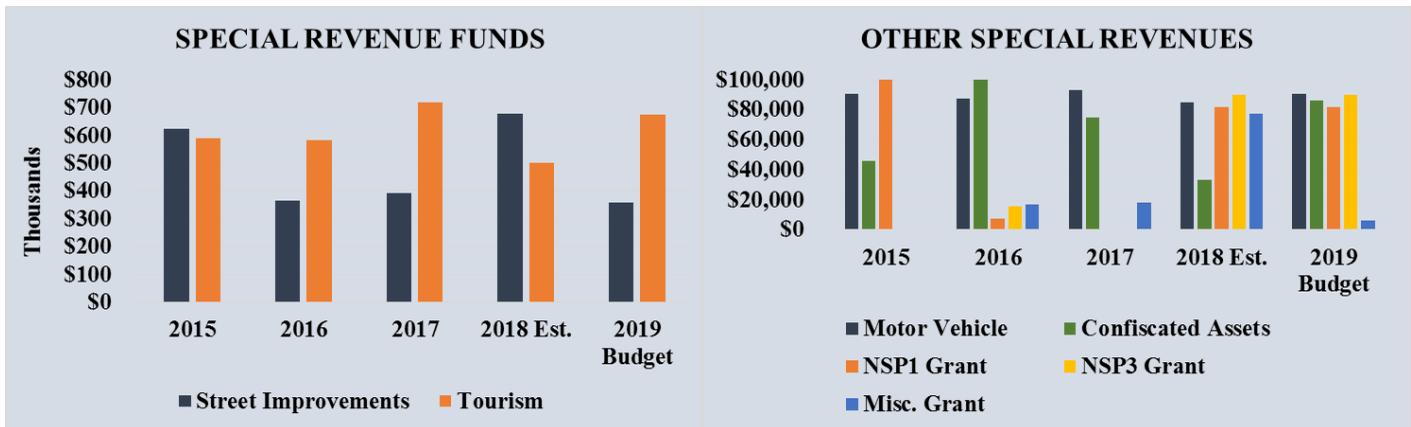

12. Other Financing Sources

Other financing sources of revenue include a transfer from Water and Light of \$1,650,000, consistent with FY 2018. The Hotel/Motel Tourism Fund of \$703,200 has increased by 7% over the FY 2018 Budget. 60% will be transferred to the General Fund at \$420,000 and 40% or \$280,000 of this revenue will be transferred to the Newnan Centre for operating cost. Not shown in the chart to the right is also a transfer from Newnan Utilities each year in the amount of \$25,000 for business development activities and small amounts from sale of fixed assets.

B. Special Revenue Funds Revenue Trends

The majority of these funds have remained consistent in revenues over the past five (5) years. The chart below includes Street Improvement Fund, Tourism Found, Motor Vehicle Rental Fund, NSP1 Grant Fund, NSP3 Grant Fund, Miscellaneous Grant Fund and Confiscated Assets Fund.

C. Capital Projects Funds Revenue Trends.

The City of Newnan has been fortunate to be supported by its Citizens. The Citizens continue to vote for the 1% Special Purpose Local Option Sales tax to fund infrastructure needs and other capital improvements. The charts below shows the revenue from SPLOST Funds (2013 and 2019) over the past five (5) years to fund major projects as well as Impact Fees. Impact Fees fluctuates depending on commercial and residential development activities.

Special Funds FY 2019 Revenues & Expenditures

SECTION III. Special Funds—Non-Major

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes. The following pages consist of revenue and expenditure summaries for the City's has seven (7) special revenue funds: Street Improvement Fund, Confiscated Assets Fund, NSP1 Grant Fund, NSP3 Grant Fund, Miscellaneous Grants Fund, Hotel/Motel Tourism Fund and Rental Motor Vehicle Excise Tax Fund.

Total Expenditures	\$177,567	\$42,400	\$93,500

The Confiscated Assets Fund consists solely of confiscated, condemned funds released by the Superior Court. The monies are used by the City of Newnan Police Department to purchase necessary equipment and supplies; it cannot be utilized for wages and benefits. Any projected fund balance automatically carries over the next year for budgeting purposes.

The FY 2019 budget for these funds is for various equipment and supplies.

The Miscellaneous Grant Fund is utilized to account for minor grants received by various departments throughout the year. Some grants cannot be anticipated until the current year, but if the Department Director is sure of a grant to be received it is budgeted in this fund. In this case the anticipated grants are within the Police Department

Capital Projects Funds FY 2019 Revenues & Expenditures

SECTION IV. Capital Projects Funds—Major Funds

Capital Projects Funds are used to budget and account for the acquisition or construction of all capital equipment or facilities costing \$5,000 or more and having an economic useful life of one year or more (other than those financed by Proprietary Funds, Special Assessment Funds, and Trust Funds). The City uses four capital project funds for FY 2019: SPLOST 2007 Fund, SPLOST 2013 Fund, SPLOST 2019 and Impact Fees Fund. These four funds are considered MAJOR FUNDS.

Consequently, the City of Newnan relies on SPLOST funding for the majority of its capital projects requirements. Without the additional revenue generated by this tax, the City would have to find alternate means of funding such projects. This could potentially lead to increased property taxes and other fees, along with a decrease in the quality and types of services the City is able to offer. The City will continue to utilize these revenues as long as possible to minimize the impact on its citizens. The City and County in a joint effort has put together a website to give its citizens and overview of projects that were accomplished using SPLOST funding and the positive impacts the projects have had on their quality of life. The website is www.cowetasplost.com.

The City Council started levying impact fees in the fall of 2004 and funds received through this means are earmarked for capital improvements in Transportation (Roads, Streets, and Bridges), Fire Services, Police Services and Parks. Some of the budgeted items for FY 2019 include:

- Fire Station #4
- Park Improvements

Fund Balance

SECTION V. Fund Balance and Consolidated Schedule

1. Fund Balance – All Funds

Fund Balance is the remainder of funds that have not been reserved or designated. In accounting it is excess of assets over liabilities. The following charts shows the changes in fund balance for all funds and explanations where fund balance has changed more that 10%.

	FY 2018 Budget Beginning Fund Balance	FY 2018 Projected Revenues	FY 2018 Projected Expenditures	2019 Budget Projected Beginning Fund Balance	% Change	\$\$ Change
Major Funds						
General Fund	\$24,143,130	\$26,343,106	\$24,635,311	\$25,850,925	7%	\$1,707,795

Non-Major Funds						
Street Improvement	\$568,265	\$127,000	\$370,000	\$325,265	-43%	(\$243,000)
Confiscated Assets	\$92,126	\$143,816	\$135,000	\$100,942	10%	\$8,816
NSP1 Grant Fund	\$0	\$527,350	\$527,350	\$0	N/A	\$0
NSP3 Grant Fund	\$0	\$457,000	\$457,000	\$0	N/A	\$0
Miscellaneous Grants	\$0	\$91,000	\$91,000	\$0	N/A	\$0
Tourism Enhancement	\$119,897	\$671,775	\$670,000	\$121,672	1%	\$1,775
Motor Vehicle Rental	\$34,980	\$105,295	\$105,295	\$34,980	0%	\$0
Sanitation Fund	\$556,117	\$670,000	\$725,000	\$501,117	-10%	(\$55,000)

1. SPLOST 2007 – It's projected that SPLOST 2007 will be close to being exhausted by the end of 2018 due to expenditures on McIntosh Parkway. The remaining funds will be expensed in 2019 for added offices within the Finance Department.
2. SPLOST 2013 – The 47% increase in fund balance is simply less anticipated expenditures for 2018. Some of the projects that was started or in construction were delayed due to the more than normal rainfall in the spring. Thus the completion of the projects are budgeted in 2019.
3. Impact Fees – Impact Fees Fund Balance is reduced due to the construction of Phase I of the LINC Trail.
4. Street Fund – The 43% decrease in Fund Balance in the Street Fund can be explained due to the budgeted \$225,000 transfer from the General Fund in 2018. In 2018 only \$75,000 of the budgeted transfer was actually transferred; thus reducing the revenue for 2018.
5. Funds 221, 222 and Fund 240 were established as special revenue funds. Expenses are recorded only as revenues are received; therefore no ending fund balances will exist in any given year.
6. Sanitation Fund decreased by 10% due the City implementing the new downtown commercial Garbage collection. This endeavor has incurred a loss in the Sanitation Fund; therefore in order to keep this service operating, the 2019 budget reflects a subsidizing transfer from the General Fund.

- a) General Fund – There was a 7% increase in resources/uses from the FY 2018 budget mainly due to the current economy and residential and commercial growth within the City.
- b) Street Fund – The 151% increase in resources and 159 % increase in uses can be explained by the fact the previous LMIG Fund has been combined with this fund for accounting purposes.
- c) Confiscated Assets – Is it difficult to determine the resources and uses in the fund as it is based on activity of various Courts. It is anticipated to show a 160% increase in resources for FY 2019 and a 121% increase in uses.
- d) NSP1 and NSP3 – There is no change shown in these two funds mainly due to the fact it is difficult to determine resources/uses in any given year. Resources are based on grant revenues and uses are based on grant activities that fluctuate.
- e) Hotel/Motel Fund – There is a slight increase of 4% in both resources and uses.
- f) Motor Vehicle Excise Tax – This fund also shows a slight increase in both resources (5%) and uses (7%).
- g) SPLOST 2007 – As of 2012 the City no longer receives resources from the referendum. The only resources budgeted are interest earnings. As this fund is expensed the interest earnings also will be reduced explaining the 75% reduction in resources. The same goes for the uses; as the projects are completed there will be a continued reduction in uses. For FY 2019 there is a 95% decrease in uses. The only project budgeted is in facilities.
- h) SPLOST 2013 – As of the end of FY 2018 the City will no longer receive resources from this referendum thus showing a 97% reduction for FY 2019. As with SPLOST 2007 as projects are completed the fund will deplete.
- i) SPLOST 2019 – The City will not begin collecting SPLOST 2019 revenue until January 2019 therefore there are no history to discuss.
- j) Impact Fees – There is an increase for FY 2019 of 45% due to the increase in permit activity in both residential and commercial areas. The reduction of uses for FY 2019 can be explained due the majority of available funds being expensed in FY 2018 for the LINC project. These revenues are slow to come in.
- k) Sanitation Fund – There is a slight increase in resources for FY 2019 of 5% and an increase of 17%. These changes are due to the implementation of the downtown commercial garbage collection.

Maintain our Memorandum of Agreement (MOA) with the EPD and Georgia Soil and Water Conservation Commission (GSWCC) for reviewing and approving soil erosion, sedimentation and pollution control plans in-house.

- Implement, on a continual basis, our erosion, sedimentation and pollution control program documenting all aspects of erosion, sedimentation and pollution control issues from permitting to final inspection and completion of a project.
 - Maintain a Complaint Resolution Process tracked in a database and used as a measure of efficiency and service. (D. Johnson/ M. Kessler 12/31/2019)
 - Maintain flow charts describing our erosion, sedimentation and pollution control program and steps and responsibilities of the City to include permit and application process, inspection process, complaint resolution process, and final approval of projects clearly indicating the required process and possible enforcement actions and mitigations required for each aspect of the erosion, sedimentation and pollution control program. (D. Johnson/ M. Kessler 12/31/2019)
- To ensure we have the most current erosion, sedimentation and pollution control ordinance in place.
 - Revise as necessary our current ordinance to incorporate the State of Georgia mandated minimum requirements and present any proposed revisions to Council for adoption. (M. Klahr/ M. Kessler 12/31/2019)
- Periodically review our erosion, sedimentation and pollution control program to ensure compliance with current Commission requirements and standards.
 - Attend the Georgia Soil Water Conservation Commission monthly meetings on a regular basis to maintain a good working relationship with Commission members. (D. Johnson/ M. Kessler 12/31/2019)

Goal 2
Objectives

Maintain and monitor a permit and notification system for all underground utility work which requires a City street to be cut open and patched.

- To have all utility companies submit electronic notification to the engineering department prior to a planned road cut for underground utility work.
 - Monitor and maintain electronically submitted notifications that include required information on the anticipated work, location, and schedules. (D. Johnson 12/31/2019)
 - Coordinate with IT department to maintain the process of submitting electronic notifications to the engineering department for follow up and inspections. (D. Johnson 12/31/2019)

Goal 3
Objectives

Maintain design standards, construction standards, ordinances, manuals and checklists up to date and in line with current generally accepted practices and principles.

- To review and revise as needed the ordinances and standards for engineering design and construction.
- Revise ordinances to incorporate any needed revisions and updates to reflect current generally accepted practices and principles. (M. Klahr/ D. Johnson 12/31/2019)
- Revise as necessary any ordinance to incorporate proposed revisions and updates and present any proposed revisions to Council for adoption. (M. Klahr/ D. Johnson 12/31/2019)
- To review and revise as needed the checklists for civil engineering and site development in the City of Newnan.
- Updated checklists as ordinances change. (D. Johnson 12/31/2019)
- Make new checklist available as online changes are made. (D. Johnson 12/31/2019)

Goal 4
Objectives

Continue to identify intersections or road segments that may benefit from modifications or improvements, perhaps reducing the speed and/or number of traffic accidents.

- To identify intersections or road segments with high or unacceptable numbers of accidents.
 - Continue to work with our local police department in reviewing accident reports to identify accident prone locations. (D. Johnson 12/31/2019)
- To make changes or recommendations for modifications or improvements to intersections or road segments.
 - Review traffic studies and/or accident reports to identify trends. (D. Johnson 12/31/2019)
 - Investigate the identified intersections or road segments to determine if pavement markings, striping, signage or lighting changes could improve operation. (M. Klahr/ D. Johnson 12/31/2019)
 - Investigate the identified intersections or road segments for alignment and geometry to determine if physical changes could improve operation. (M. Klahr/ D. Johnson 12/31/2019)
 - Make minor changes or present proposed major recommendations to the City Manager. (M. Klahr 12/31/2019)
- Completed traffic signal upgrades:
 - E Broad St/ Farmer St
 - Roscoe Rd/ Sherwood Dr.
 - Newnan Crossing Blvd E/ Summerlin Blvd
- Milled, deep patched and paved 33 streets, 7.3 centerline miles
- Reclaimed and paved sections Stillwood Dr. and Southwind Cir.
- Relined culverts under Lower Fayetteville Rd and Timber Mill
- Repaired sidewalks in Eastlake and Olmstead subdivisions
- Completed streetscape alterations on Jackson St to accommodate a flashing beacon pedestrian crosswalk to Veterans Park
- Completed construction of McIntosh Pkwy
- Developed alternative concepts for intersection improvements at Jefferson St/ Clark St/ Jackson St
- Continued turf improvements in all City maintained cemeteries
- Received a successful audit of our Stormwater Management Program by the Georgia Environmental Protection Division.

Sanitation – Brush & Bulk Budget

540.4585.65

Departmental Budgets

Department Description

Ray Norton, Deputy Public Works Director and his team (Brush & Bulk) provides weekly pick up of yard waste, including leaves, grass clippings for the residents of Newnan. This department also provides weekly pick up of bulk items such as appliances, furniture, mattresses and box springs. The Brush and Bulk was combined with the Refuse Division in FY 2018. Mid-year it was separated again therefore in both Refuse and Brush & Bulk budgets, there will be no history until after the FY 2019. It would simply be too confusing to the average reader.

Sanitation – Refuse Budget

540.4520.63

Departmental Budgets

Department Description

Ray Norton, Deputy Public Works Director and his team (Refuse) provides a daily pick up for the downtown commercial area. This department was created in FY 2018 and was combined with the Sanitation Brush & Bulk Department. In the middle of FY 2018 the City decided in order to account for and understand the true monetary implications on starting this service was to separate the service from Brush and Bulk. Therefore, to avoid confusion there is no history shown for either department.

Capital Improvements Introduction

SECTION I: Introduction to Capital Improvement Program

The FY 2019-2024 Capital Improvements Program (CIP) is a planning guide for future improvements to the City's infrastructure and other capital items that are in excess of \$5,000 with an economic useful life of one (1) year or more.

The first year of the CIP becomes a component of the total annual budget and reflects the mission *to maintain cost effective programs and services while focusing on preserving and enhancing the quality of life that is enjoyed by all Newnan citizens*. This mission will be accomplished in FY 2019 through a realistic approach in revenue and expenditure forecasting.

A. CIP Purposes and Advantages

The City annually invests a large portion of its budget to capital projects. The City realizes that such an investment is required to maintain and enhance public facilities and infrastructure, thus enhancing the viability and overall quality of life within the City. Due to this significance, the CIP is developed to facilitate the following:

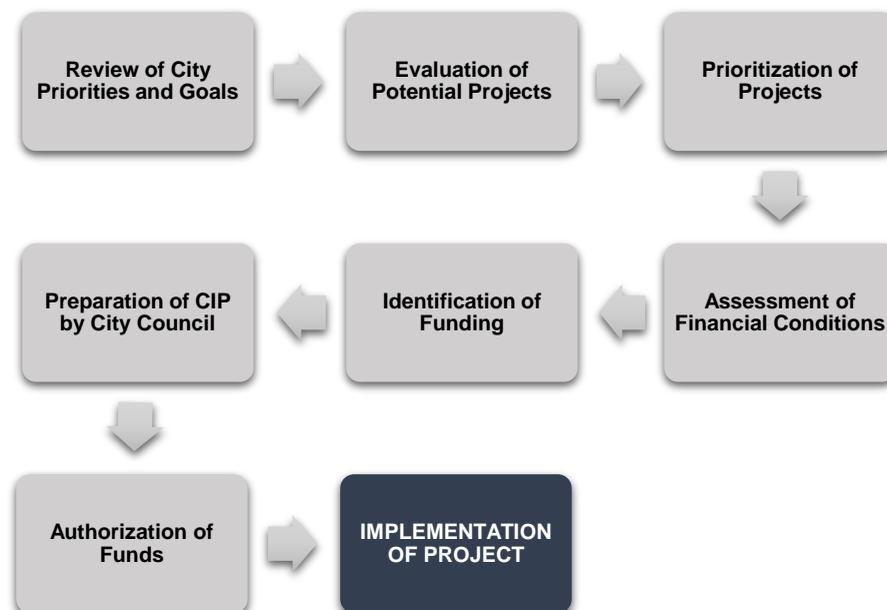

- Promotes advance planning and programming by department heads.
- Provides for orderly replacement of facilities and equipment.
- Forecasts need for new capital investments.
- Helps the City Council and administrative staff gain an overall view of growth and development within the City; and, coordinates capital improvements with this growth.
- Helps plan for balanced development and capital expenditures without concentrating too heavily on any one area or department within the City.
- Becomes a fiscal planning tool to forecast capital demands on local revenue, to foresee future borrowing needs, if any, and to identify State or Federal aid that will be needed.
- Ensures projects and spending will be carried out in a prioritized fashion in accordance with the City's fiscal ability.
- Ensures capital projects will be implemented in accordance with all of the objectives set by the City Council and as expressed by the citizenry.
- Allows adequate time for projects to be planned and designed carefully, including the opportunity for public input in the process.

B. CIP Process

Preparation of the CIP begins with a review of the priorities, goals, and potential capital projects that have been developed by the City through a very comprehensive planning process. This planning process includes the development of long range documents such as the 2016 Comprehensive Plan, the 2006 Coweta County Joint Comprehensive Transportation Plan, and the 2009 Recreation Master Plan -- all of which involved substantial input from the citizens of Newnan and Coweta County. After potential projects have been identified, they are evaluated to determine their impacts in a variety of critical areas such as:

- Legal mandates;
- Fiscal and budget impacts;
- Health and Safety impacts;
- Economic Development impacts;
- Environmental impacts;
- Project feasibility;
- Disruption of services;
- Impacts of project deferral; and,
- Risk Assessment.

Projects that perform well in the evaluation stage often rank high in the areas of ‘fiscal and budget impacts’ and ‘project feasibility’. After projects are evaluated and prioritized, City staff will assess the financial conditions of the City to determine potential implementation strategies and schedules. The flow chart on the following page outlines the planning and preparation process utilized by the City to implement the CIP.

C. Impact on City Service Levels

As shown in the table on the following page, the City has invested \$58,110,937 into capital improvements during the past five (5) years of the CIP. Based upon an estimated 2019 population of 38,793, the average capital investment was \$1,497.97 per city resident over the 5 year period. This tremendous investment has allowed the City to develop extraordinary service provisions. Services such as public safety, parks and recreation, permitting, cemetery maintenance and traffic operations all provide high levels of service to our citizens.

D. Funding Sources

Funding of the City's CIP is made available from three (3) major governmental fund types: 1) General Fund, 2) Special Revenue Funds, and 3) Capital Project Funds. An overview of the fund types are provided below. For a detailed description of each fund, please refer to the *Revenues & Expenditures Detail* section of this budget document.

1. General Fund

The General Fund is the general operating fund of the City. It accounts for all transactions of the City which pertain to general administration of the City and services provided to citizens, which includes police and fire protection. By definition, the City has only one General Fund. This fund accounts for the collection of most tax revenues, excise taxes, permits and licenses, fines and forfeitures, service charges and other local and intergovernmental revenues.

2. Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes. The City has three special revenue funds: Street Improvement Fund, Confiscated Assets Fund, and Hotel/Motel Tourism Fund.

3. Capital Project Funds

Capital Project Funds are used to budget and account for the acquisition or construction of all capital equipment or facilities, costing \$5,000 or more and having an economic

useful life of one (1) year or more (other than those financed by Proprietary Funds, Special Assessment Funds, and Trust Funds). The City uses three capital project funds for FY 2019: SPLOST 2007 Fund, SPLOST 2013 Fund, SPLOST 2019 Fund and Impact Fees Fund.

E. Capital Expenditure Definition

Capital expenditures are expenditures of \$5,000 or more that have an economic useful life in excess of one year. The expenditure can be classified into one of the following three (3) categories: 1) self-contained or stand-alone projects, 2) a phase of multifaceted projects, or 3) capitalized repairs or renovations. Repairs or renovations are only capitalized when the useful life of an asset is significantly extended by repair or renovation and the total cost of the work exceeds \$5,000.

F. Useful Life Schedule

The City of Newnan has developed the following useful life schedule to assist in the depreciation of capital assets acquired by the City and plan for replacement of said assets. Depreciation of all assets is recorded annually.

Asset Class	Useful Life	Months
Bridges	75 Years	900
Buildings	25-50 Years	300-600

FY 2019 Improvements

SECTION II: FY 2019 Capital Improvements

Major objectives during the budgetary process focused on controlling day-to-day operating costs so funds could be made available for capital equipment and needed public facilities. Capital improvements provided in the FY 2019 Budget total \$11,746,374. The City will also transfer \$580,246 to Newnan Utilities for the entity's share of SPLOST 2019 revenues to be used for capital projects. The following table, therefore, details the capital improvement expenditures for all City funds in FY 2019.

The FY 2019 Capital Improvements Program (CIP) encompasses seven (7) funds: SPLOST 2007, SPLOST 2013, SPLOST 2019, Impact Fees, General Fund, Street Fund, and Sanitation. Spending projections were calculated by analyzing expenditures during 2018, along with future needs assessments and projects outlined in the referendums for SPLOST. All prior year balances, with the exception of the General Fund, are automatically carried forward to the next year for budgeting purposes.

SPLOST 2007 will provide \$91,640 to the FY 2018 capital improvements program and SPLOST 2013 will add another \$4,048,285 and SPLOST 2019 increase the FY 2019 Capital Budget by \$5,217,466 (not including transfers to Newnan Utilities). Additionally, Impact Fees will provide \$950,000 for use during 2018. Please refer to the following pages of this section for detailed information concerning capital spending in 2019.

FY 2019 – FY 2024 Capital Improvements

A. FY 2019 – FY 2024 Capital Improvements

The FY 2019 CIP, which is the current year component of the City's FY 2019 Annual Budget, represents a total of \$11,746,374. The current year CIP is funded through seven (7) separate funds and is comprised of twenty-eight (28) projects, which are described in Part B of this Section. In accordance with the 'pay-as-you-go' financing policy, the City will complete each of the projects outlined by using funds that have been accumulated or will be received during the 2019 fiscal year.

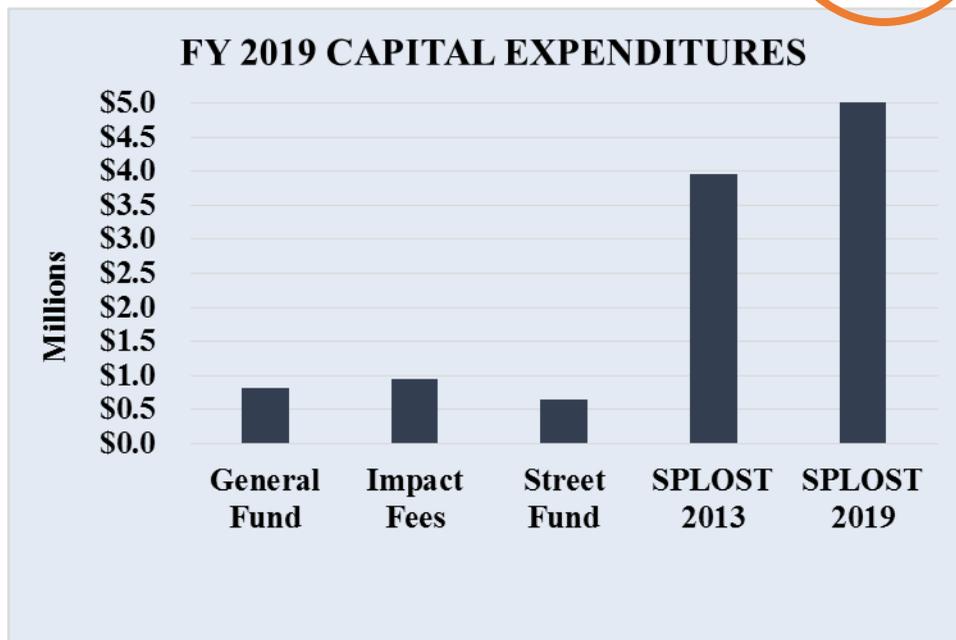

The following chart outlines the Capital Projections for years FY 2019-FY 2021 utilizing seven (7) funds; General Fund, Impact Fees Fund, Street Fund, Sanitation Fund, SPLOST 2007, SPLOST 2013 and SPLOST 2019.

FY 2019 Major Budgeted Projects

B. FY 2019 Major Budgeted Projects

a) Fire Station # 4

The picture below is a rendering of the new Fire Station to be built at 3 Farmer Commercial Park Drive. Much planning goes in to implementing a new structure, especially when it has to be fully staffed in order to be operational. In the FY 2019 six (6) Firefighters are budgeted with a budget impact of \$230,473. This is only for half a year as the construction isn't deemed to be completed until fall 2019. In FY 2020, this amount will double. Also there is the cost of a Fire Truck. You can't have a Fire House without a Fire Truck correct? Fortunately the voters also approved this purchase in the SPLOST 2013 referendum and it is on order. This takes about 12 months due to the specialty of the vehicle. This came at a cost of \$749,922. The building itself is budgeted at \$3,500,000. The funding sources are SPLOST 2013 and Impact Fees. This includes all construction, land cost, furniture, fixtures and equipment.

b) LINC – Phase II

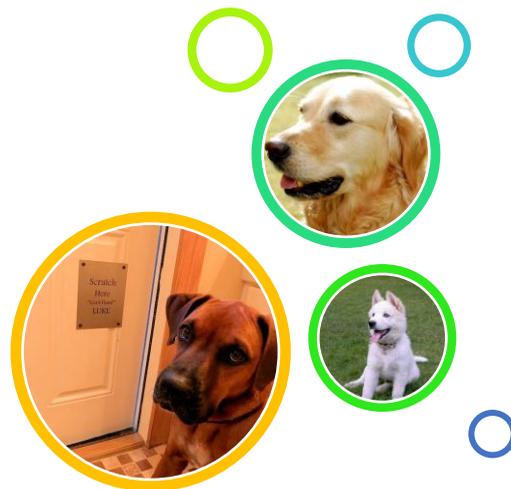

The picture to the right is actually Phase I that was started in FY 2018. This section is roughly 1.3 miles. The cost is anticipated at completion to be \$3,300,000. This meandering trail of concrete through the woods is going to a wonderful asset to the Citizens of Newnan. Especially those that love the outdoors. It begins at Summerlin Boulevard and ends at Summergrove Parkway. This section will be complete by the first of FY 2019. The City started the design process for Phase II in FY 2018. Phase II will begin and Summerlin Boulevard and end on East Broad Street at the Train Depot. The cost of Phase II is estimated at \$9,000,000. Along with the funding from the new SPLOST 2019 (\$7,000,000), Friends of The LINC are gearing up for fund raising to help assist in the budget deficit which is currently over \$2,000,000.

c) Dog Park

The concept above is of a Dog Park that was bid at the end of FY 2018. The concept drawing is not the final design. However, there was very minimal changes. This park will be more than six (6) acres and include a small dog area separated from a large dog area. There will also be pavilions, restrooms and plenty of parking. This will be a nice addition to the Sprayberry Road area. The estimated cost will be around \$1,000,000. SPLOST 2013 and proceeds from the sale of the adjacent residential lots will be the funding for this project.

Debt Summary

A. Primary Government

1. Long –Term Debt

The City of Newnan normally operates on a pay-as-you-go basis. As of December 31, 2016 the City's governmental activities had no outstanding long-term debt, other than compensated absences in the amount of \$773,053 and \$9,748 respectively. For the governmental activities, compensated absences are generally liquidated by the general fund. Additionally, the City implemented GASB statements 68 and 71 in 2016. Therefore there was an addition to long-term debt in the amount of \$4,986,607 for pension liability, with \$84,772 of the amount attributed to business-type activities.

	Beginning 1/1/2016	Additions	Reductions	Ending Balance 12/31/2016	Due Within One Year

FY 2016 is the latest year where data is available. A discussion of the debt of the component units of the City, Newnan Water and Light and Newnan Downtown Authority, is discussed in detail on the following page.

2. Limitations on City Debt

The Constitution of the State of Georgia provide that the City may not incur long-term obligations payable out of general property taxes without the approval of a majority of the qualified voters of the City voting at an election called to approve the obligations. In addition, under the Constitution of the State of Georgia, the City may not incur long-term obligations payable out of general property taxes in excess of ten percent of the assessed value of all taxable property within the City. The County and school district may also incur general obligation debt up to the ten percent limitation. According to the tax digest for 2018, the assessed value of taxable property in the City was \$1,434,712,753. Therefore, the City's long-term obligations payable could not exceed \$143,471,275 (or 10% of the assessed value).

Short-term obligations (those payable within the same calendar year in which they are incurred), lease and installment purchase obligations subject to annual appropriation and intergovernmental obligations are not subject to the legal limitations described above. In addition, refunded obligations cease to count against the City's debt limitations.

B. Component Unit

1. Newnan Water, Sewerage and Light Commission (NWSL)

The Newnan Water, Sewerage and Light Commission had two types of long-term debt outstanding at December 31, 2017: notes payable and revenue bonds.

- a) Long-Term Debt – The Newnan Water, Sewerage and Light Commission had three types of long-term debt outstanding at December 31, 2017
- b) Notes Payable - The Newnan Water, Sewerage and Light Commission has arrangements with the Georgia Environmental Facilities Authority to lease assets as capital leases.

C. Revenue Bonds

Series 2006

During the year 2006, the NWSL Commission issued revenue bonds, Series A 2006, for the purpose of refinancing the 1998 and 2001 revenue bonds and Series B for the purpose of capital improvements. The bonds are dated December 1, 2006 with a face value of \$28,080,000 and bear interest from 3.55% to 5.25%.

The bond proceeds are being used to advance, refund and decrease outstanding bonds, purchase securities to provide for future debt service payments, acquire, construct and install certain additions, extensions and improvements to the water and sewer portion of the combined water, sewerage and electric distribution system of the City of Newnan and pay certain issuance costs. In 2018 through 2022 no principal payment will be made due to the debt structure and when the bond matures which was designed by bond issuer.

As of December 31, 2017, total debt service requirements to maturity for the Series 2006A Bonds were as follows:

<u>YEAR</u>	<u>PRINCIPAL</u>	<u>INTEREST</u>	<u>TOTAL</u>
2018	\$0	\$172,725	\$172,725
2019	\$0	\$172,725	\$172,725
2020	\$0	\$172,725	\$172,725
2021	\$0	\$172,725	\$172,725
2022	\$0	\$172,725	\$172,725
2023-2026	\$3,290,000	\$523,950	\$3,813,950
	<u>\$3,290,000</u>	<u>\$1,387,575</u>	<u>\$4,677,575</u>

Series 2015

On April 21, 2015 the Commission issued \$7,050,000 of City of Newnan, Georgia Water, Sewage and Light Commission Public Utilities Refunding Revenue Bonds (the “Series 2015A Bonds”) and \$3,860,000 of City of Newnan, Georgia Water, Sewage and Light Commission Public Utilities Refunding Revenue Bonds (the Series 2015B Bonds”) and together with the Series 2015A Bonds, the Series 2015 Bonds”) jointly with the City.

The Series 2015 Revenue Bonds were issued to provide funds to (i) refund and defease a portion of the City and Commissions outstanding Public Utilities Revenue Bonds, Series 2006 (the “refunding Bonds”), (ii) pay the premium for a debt service reserve surety bond respecting the Series 2015 Bonds, and (iii) pay the costs of issuance of the Series 2015 Bonds.

The Series Bonds bear interest at rates ranging from 2.00 percent to 4.00 percent and mature at various dates through January 1, 2036. The Series 2015 Bonds are payable solely from the net revenues of the System, as defined.

The net proceeds of \$11,508,370 were used to purchase securities that were deposited in an irrevocable trust with an escrow agent to provide for future debt service payments on the 2006 Series Bonds. As a result, the portions of the Series 2006 Bonds refunded are considered legally defeased and have been removed from Commission’s books.
