2. Continuing Business

- a. Hasco Craver mentioned that letters were originally sent on December 5, 2023 to two property owners who have improvements (fence) located on cemetery property. The letter requests that the improvements be removed within 90 days. The letter states that if the improvements are not removed, the City will remove portions of the improvements that encroach on to the cemetery and place them onto each owner's respective property. Hasco Craver mentioned that he would keep the commission up to date on the progress of the owners' actions.
- b. Sydney Thomson and Andrew Kohr displayed the council-received and approved concept plan. POND staff members confirmed with the commissioners present that they will work to advance the concept plan to a 60% complete set of construction documents. POND staff mentioned, after receiving feedback from the City Council, that they would embellish the Cole Street entrance, maintain in its current form the outdoor classroom and maintain sensitivity to the existing tree canopy. POND staff mentioned that they will work to bring New South, a subconsultant on the project, to the meeting in April in order to receive feedback from the commission as it's related to future interpretive signage.

3. New Business

- a. The commission present recommended moving the April meeting date from April 1, 2024 to April 8, 2024 due to a conflict with the local school system's spring break holiday.

4. The meeting was adjourned at 7:01pm.
