RIGHT-OF-WAY PERMIT APPLICATION (Driveway and/or Sidewalk)

ELEMENTS REQUIRED SKETCH PLAN FOR SIDEWALK/DRIVEWAY PERMIT

1. North arrow, lot number and address, plat reference. A good base map to use is the plat or an aerial print out from Cowetatax.com
2. Width and location of any adjoining street right-of-ways and property lines
3. Outlines of existing and proposed buildings and structures on the site indicating ground floor area (footprint).
4. Storm Drains and Utility easements (label the utility and width of easement)
5. Location of proposed driveway or sidewalk work including any sections existing that will be removed and replaced.
6. Distance of driveway from intersection (min 50’).
7. Distance of driveway from property line (4’ min except in cul-de-sac)
8. Width of driveway at the right of way (max 24’)
9. Width of curb cut (max 30’ for residential)
10. Width of sidewalk (preferred 5’ min but can match existing)
11. Cross slope of sidewalk (max 2%)
12. Any areas of decorative concrete proposed on right of way
13. If you are in an area with existing streetscape design you will need to match the streetscape design for brick and concrete color.
