

NEWNAN
 GEORGIA • CITY OF HOMES

The City of Newnan is committed to providing citizens with high-quality, timely and professional residential sanitation services. The City's current agreement with AmWaste, a private company providing exclusive residential solid waste services in Newnan, allows for an annual rate adjustment. Effective January 1, 2026, the base cost for residential customers will be \$23.24 per month (current rate is \$22.56 per month). The modest increase is based on a contractual allowance, which is tied to the U.S. Department of Labor's Consumer Price Index (CPI) for U.S. City Average Garbage and Trash Collection. For additional information related to pricing for additional carts, backdoor service, discounted rates and the Consumer Price Index, please visit newnanga.gov.
